# SENATE KILLS PUBLICITY ON INCOME TAX RETURNS

## Backs House Stand by Acclamation; Norris Loses Six-Hour Fight for Amendment, 49 to 32

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 8.—Repeal of the law allowing publication of the amounts of income tax payments was approved tonight by the Senate. The action of the House in putting this provision in the tax reduction bill was accepted by acclamation after the Senate had rejected 49 to 32 the Norris amendment to open all income tax returns to public inspection.

## O'Connell Scores Prohibition

### Declares Compulsory Measure Opposed to Scripture and Catholic Tradition

### Charges Volstead Adherents With Misrepresentation; Defends Wine Uses

(BY A. P. NIGHT WIRE)  
BOSTON, Feb. 8.—William Cardinal O'Connell in a public statement issued today asserted that compulsory prohibition was "flatly opposed to Holy Scripture and Catholic tradition."

The position of the Catholic church was outlined as opposed to compulsory prohibition, although supporting voluntary total abstinence. To define the Catholic standpoint, he adopted a statement in the London Tablet of January 23 entitled, "The abuse of prohibitionists."

"Christendom's moral reformers," he said, "tell us that Rome is the scarlet woman, but they find that she is quite as much in pink when they want her to march in a temperance crusade. They are asked to associate themselves with the church's pastors who have dealt faithfully with this ugly vice—but here is the real principle—abuse not tollit nisi (the abuse of a thing does not destroy its use)—wine, and their like are not in themselves evil. They have their lawful uses, ranging down from the sacramental wine of the altar to the wine of the vineyard which is the basis of the nation's life."

It is with difficulty that the Germans are holding themselves in check, but it is expected that the reply of this government will take the form of a temperate and dignified statement.

The Foreign Affairs Committee has been convened for an hour earlier than Foreign Minister Stresemann's appearance in the Reichstag at a plenary session tomorrow. The members of the committee will engage in a discussion of the incident, and later the Foreign Minister will go over the situation in South Tyrol.

The metropolitan and provincial newspapers unite in denouncing Premier Mussolini's speech in the Italian Chamber of Deputies as an unprecedented affront to Germany; yet, with the exception of the extreme Nationalist press, there seems to be no desire to add fuel to the flames.

# TRACED BACK YEARS

## Formation of the asserted monopoly was charged by the department to have been conceived several years ago by William B. Ward and his associates, and that their plans had been directed to that end particularly since 1921.

The plan, it was charged, was to bring substantially all of the wholesale bakeries under a single control and by that method eliminate all competition between them in the sale of bakery products. The department also saw a far-reaching program by which the concerns involved in the suit were to acquire control of machinery and equipment and "eventually to buy milling companies, yeast companies and other producers of such necessary ingredients."

The government's plea, as a result of its findings, therefore, was that the defendants be enjoined from having violated the Sherman law and the Clayton Act, and that they be enjoined from doing any act in furtherance of the asserted combination, conspiracy and attempt to monopolize; that the Ward Food Products, Ward, General and Continental Baking corporations be enjoined from acquiring any part of the stocks, bonds, or other evidences of indebtedness, or the physical property of each other and that the four be perpetually enjoined from having any director, officer, agent or employee in common with each other.

The plea also asked that all of the agreements or understandings respecting the purchase of machinery or the sale of their output be null and void.

As a final effort to keep the corporations from merging, the court was asked to require the four corporations to dispose of themselves of the stocks, bonds or other evidences of indebtedness of any competing company heretofore acquired.

## Government Moe Against "Trusts" Credited With Collapse of Merger Negotiations

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 8.—Negotiations for a merger of the Postum Cereal and California Packing companies collapsed today, after an offer of \$185 a share had been made for a controlling interest in the packing concern. Failure of the negotiations was credited partly to the government's move against "food trusts."

# Italians Take Stronghold of Senussi Rebels

(EXCLUSIVE DISPATCH)  
ROME, Feb. 8.—The Italian flag floats over Jarabub, the principal city of the Senussi tribesmen, in a oasis in Cirenaica, North Africa.

Yesterday morning the Italian column of 2000 troops commanded by Col. Rossi entered the city without meeting any resistance from the tribes, and took possession of the famous oasis, which controls the trade routes between Central Africa and the coast, in the name of the Italian king.

# DAN SOUGHT ON MERGER

## Bread Case Goes Into Court

## Government Seeks Injunction Against Huge Proposed Baking Combine

## Order to Dissolve Portions Already United Asked Also in Petition

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 8.—The Federal government moved today to prevent formation of "a gigantic combination for monopolistic control of the baking business, and to force dissolution of such of its component parts as are asserted already to have been assembled."

Proceedings were started by the Department of Justice in the Federal Court at Baltimore against seven great baking corporations and eight individuals, including the recently chartered Ward Food Products Corporation and William B. Ward. The court was asked to view the defendants as having violated both the Sherman antitrust law and the Clayton Act and permanently to enjoin them from continuing further in the asserted merger.

Other defendants named in the action were the Ward Baking Corporation, Ward Baking Company, General Baking Corporation, Continental Baking Corporation, United Baking Corporation, and Howard H. Ward, William Deinger, Paul H. Holmes, J. W. Rummel, B. E. Peterson, George G. Barber and George B. Smith.

REASONS GIVEN

The Department of Justice, in a statement, declared the action had resulted from investigations which began with the first rumors of important mergers in the baking and related fields, and continued against the baking companies as soon as Ward Food Products Corporation received its charter in Maryland last week. A "gigantic, planned, and organized" "baking trust" was asserted by the department to have been formed by the defendants, and that the companies were being gathered together, it charged in its court papers that the control proposed by the defendants extended both to local and interstate competition.

Attention was called by the department to the unique character of the action, inasmuch as it seeks to prevent the formation of a combination in restraint of trade. It was asserted, however, that the defendants were not to be enjoinable from the amalgamation had been pressed into three large concerns and named them as the Ward Baking Corporation, the General Baking Corporation, and the Continental Baking Corporation.

The petition said, had acquired numerous competing bakeries and they, instead of the Ward Food Corporation, have the same resident agent in Maryland.

BRITISH SCREEN  
PLAN OUTLINEDNew Bill Aims at English  
Film ProtectionEight of Pictures Shown to  
be Made in EmpireBoard of Trade President Not  
Enthusiastic

(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, Feb. 8.—A scheme for protection of the British film industry is outlined in the Federation of British Industries bill, the text of which was published today. The bill, following the lines of much of the recent discussion on the subject, will establish a "system" of requiring exhibitors to show one foot of British film for every eight feet of foreign film, raising the proportion to three to five after two years.

A British film is defined as that in which the scenario writer, all the principal actors and artists and others of the principal staff are British subjects, with the exception of two foreigners as the maximum. The bill also provides that all studio scenes are required to be filmed within the British Empire, unless specially authorized otherwise.

A licensing authority will be created in order to prevent British films produced under this incentive from being too low in quality. The quota system, however, recently was subjected to considerable attack, the exhibitors are not yet willing to accept the principle and Sir Philip Cunliffe-Lister, president of the Board of Trade, was noticeably cool toward the proposal when the Federation of British Industries recently presented its bill, despite his earlier promise of government action.

THOUSANDS FACE BALDNESS  
and Don't Know It

Working Almost Secretly, Destructive Bacteria of "Alopecia Pityrodes" Spread Disease Through the Scalp Which Brings Baldness in from Two to Seven Years. Now Recognized as Cause of 85% of Baldness.

Only Effective Remedial Agents Known to Science Now Combined in Remarkable New Formula by Prof. John H. Austin, Over 40 Years a Hair and Scalp Specialist.

RECORDS carefully kept over a period of years by Prof. John H. Austin, nationally known hair and scalp specialist, show that a great percentage of people are afflicted with "Alopecia Pityrodes," a serious scalp trouble which is a forerunner of baldness. Many people mistake this affliction for common dandruff, because the bacteria quickly carry on their destructive work from two to seven years before any decided loss of hair is noticed and the first sign of baldness appears.

How Alopecia Pityrodes Destroys Healthy Hair  
This trouble starts with a scaling of the scalp, sometimes slight, commonly called "dandruff," sometimes abundant, producing thick, grayish-white, greasy scales which lead to falling out of the hair. This stage lasts from two to seven years as a rule. Then, as the bacteria multiply by the millions, the falling of the hair increases rapidly, and in time the top of the head becomes entirely bald.

Secret of Science in Formula "G"  
This remarkable formula combines the only ingredients known to Science as actually effective in the treatment of Alopecia Pityrodes, in the only form in which they can be maintained in their full strength. Formula "G" is therefore in pleasant cream form, which is packed in special applicator tubes to make treatment easy, quick and convenient.

Formula "G" penetrates to the very roots of the hair, and there attacks and destroys the destructive bacteria. It cleanses the scalp and stops itching immediately. It stops falling hair, and by stimulating, reviving and nourishing the hair roots promotes a luxuriant growth of rich, lustrous hair. No matter how serious your scalp trouble, no matter what tonics, etc., you have tried—you can count on securing surprisingly satisfactory results with Formula "G." Get this new scientific treatment today. Always in stock at all Owl Drug Stores.

BOLSHEVIKI WRECKED CAREER  
Once Brilliant Lawyer Vends Candy

Abraham Krever

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Feb. 8.—Abraham Krever, once a brilliant lawyer of Russia is now known only as "Abe the Candy Man." There was a time about eight years ago when the name of Abraham Krever meant much before the bar in St. Petersburg, now Leningrad. The Bolsheviki wrecked his home, held him prisoner for two weeks, until one day one of his three sons helped him to escape and brought him to America.

"Vending candy from door to door is not a business for a former prominent and wealthy Russian lawyer, to be sure," he admitted, "but it brings to me the necessities that I need to sustain life and that I am interested most in right now."

Representative

(BY A. P. NIGHT WIRE)  
WILKES-BARRE (Pa.) Feb. 8. Starvation as a result of the anthracite strike has claimed its first victim.

Destitution and want have been reported from all parts of the region for several weeks but the first case of starvation was revealed yesterday when the death of Mrs. Mary Harrington, at Ashland, wife of a striking miner, was investigated. Deputy Coroner General said he was convinced that her death was due to starvation.

Mrs. Harrington's husband had left the coal field to find employment elsewhere. What little food she had received, Mr. Sener said, was taken from a cup kitchen, and this had been given to her children, one of whom was only 5 months of age. The deputy coroner said the woman had been too proud to ask for aid for herself.

Coolidge Asked FOR  
VIEWS ON COAL STRIKE

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 8.—While President Coolidge was asked today in a letter by Representative Bloom, Democrat, New York, to make known his views on the anthracite situation, several House Republicans took steps to bring about the consideration of legislation by the House Commerce Committee.

Meanwhile, the New York and New Jersey Democratic House delegations made public a telegram declining an invitation to a coal conference in New York City for a pronouncement so that the people might know where the government stands "with reference to this drastic condition."

The House Republican House delegations made public a telegram declining an invitation to a coal conference in New York City for a pronouncement so that the people might know where the government stands "with reference to this drastic condition."

In his message, the President, in referring to the coal situation, said "authority should be lodged with the President and the Department of Commerce and Labor, giving them power to deal with an emergency." The message also said that the report of the last coal commission should be brought forward, reconsidered, and acted upon.

FORD'S CURE  
FOR SLUMPAuto Maker Says Attempt  
to Fix 'Living Wage' Insult  
to Worker and Employer

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 8.—The way to check a threatened business depression is to cut prices and increase wages, Henry Ford says in an interview published in the current issue of Collier's Weekly.

"It is good business," said Mr. Ford, "always to raise wages and never to lower them. Higher wages and lower prices mean greater power—more customers."

The theory that the right price for a commodity is "what the traffic will bear" and the right wage is "what the market will bear" work for an unsound one," he believes. "The right price is the price an article can steadily be sold for by the worker and the right wage is the wage the employer can steadily pay."

Mr. Ford maintains that skillful management can always find ways for increasing wage rates and that it discovers waste elimination and the intelligent use of methods of operation in the process.

Armed Thieves  
Rob Couple of  
Gems and Cash

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Feb. 8. Redmond D. Stevens, wealthy retired Chicago lawyer and former government official at Washington, and his wife were held up early today in their home in a fashionable residence district at San Mateo by two armed burglars, threatened with death and robbed of \$1000 in jewelry and cash.

For thirty minutes while her husband slept, Mrs. Stevens lay in her bed with one of the burglars guarding her with flashlight and gun as his accomplice ransacked her dresser.

After taking all valuables in sight from her room, the two went to her husband's room where similar methods were employed. Servants and a watch dog slept through it all. The loot taken included a \$500 diamond necklace, a \$100 diamond brooch, a \$500 wrist watch, pearl studs and stickpins and \$75 in cash. The burglars overlooked a \$1000 pearl necklace. Mrs. Stevens was formerly the wife of Pierre C. Moore, San Francisco capitalist from whom she was divorced in 1919.

EXPANSION URGED IN  
POULTRY INDUSTRY

(BY A. P. NIGHT WIRE)  
SACRAMENTO, Feb. 8.—Wide room for expansion in California's poultry industry is seen by the State Department of Agriculture in figures made public today showing importation of approximately 3,676,500 live fowls from other States during the year 1935.

"There were 11,000,000 live fowls in California during the last year," says a statement issued by the Division of Animal Industry. "If the production of a poultry car will accommodate from 4000 to 5000 mature birds, the approximate number of fowls brought to California for market during the last year amounted to approximately 3,676,500, indicating the per-capita consumption of imported poultry during the year closely approached one for each person in the State."

BODY NOT PRINCESS'S  
Similarity in Fingerprints Leads  
To Mistaken Identity

(BY CABLE AND ASSOCIATED PRESS) - MOSCOW, Feb. 8.—Investigation proved today that the body of the woman found in the snow in one of Moscow's principal streets Saturday was not that of Princess Obolensky, as reported by the police, but that of Helen Vassilievna Dubinskaya, a native of Vladimir Province. Finger-print examinations made at the morgue confirmed this fact.

The Chief of the Moscow Police explained that the mistake was due to the fact that both Princess Lydia Nikolaevna Obolensky and Mrs. Dubinskaya, appeared in the police records as drug addicts, both were reported missing and there was marked resemblance between the two.

BY THE INNOCENT BYSTANDER.  
BILL HENRY

WHILE everybody is all stirred up over the three meeting between Suzanne Lenglen and Helen Wills and the effect that the French girl's mixed-doubles victory may have on their forthcoming singles match, we rise to remark that right here in Southern California we are going to have the pleasure of seeing the young girl who has been picked by many as the logical successor to the crown of Helen Wills. She is Helen Jacobs, a former Los Angeles girl, who moved to Berkeley several years ago, and was taken in hand by Fop Fuller, the man who developed Helen Wills. She has won the national girls' championship for two years in succession and has beaten many of the best senior players. She has only been beaten on the Coast by the two top ranking players, Helen Wills and Charlotte Houser, and in each case she has given them a terrific battle.

Miss Jacobs is making her first Southern California appearance under the auspices of the Pasadena Tennis Club. Her first round match will be against the Hotel Huntington courts on Friday, Saturday and Sunday of this week, playing against the best of the Southern California players and also against Miss Wills.

## BEARS FROM BERKELEY--THEY'LL BE HERE SOON

As foes of U.S.C. and Southern Branch the undefeated hoop shooters of the University of California will be here to participate in two games at the Olympic Auditorium this week-end. From left to right the individual photos show George Dixon, Francis Watson and Capt. Benny Holmes. The entire squad is shown in the inset.

## GOTHAM BOXING HEADS RENAMED

(EXCLUSIVE DISPATCH)  
ALBANY (N. Y.) Feb. 8. James A. Farley of Stony Point, Rockland county, and William Muldoon of Harrison, Westchester county, today were reappointed by Gov. Smith as members of the State Athletic Commission. The reappointment of Commissioners Farley and Muldoon is for two years. They serve without pay. George E. Brower of Brooklyn is the third member of the commission. His term expires January 1, 1927.

## RIVAL FAILS TO ANNEX A GAME

Defeats Ethel Fischer by 6-0, 6-0 Score

Berkeley Girl Boosts Stock by Her Showing

Expects to Meet Mlle. Lenglen on Saturday

(BY CABLE—EXCLUSIVE DISPATCH)  
CANNES (France) Feb. 8.—Helen Wills, reverting to her usual hard-driving game which she abandoned in her mixed doubles match yesterday, scored an easy victory in the first round of the Carlton tennis tournament today, defeating Mlle. Ethel Fischer of England, in two love sets.

Mlle. Lenglen was idle today, having drawn a bye. She was not even at the courts to watch her American rival play.

The decisive manner in which Miss Wills disposed of her opponent brought the betting odds against her in her expected match with Mlle. Lenglen from 7 to 1, down to 3 to 1. This match, it is believed, will be played Saturday.

The California girl's play, however, was hardly a convincing criterion of her game, since she was not extended. She lost only 13 points in the two sets, five in the first and 8 in the second. Not a single game went to deuce, and Miss Wills's point score, made up entirely of fours, is considered unique in the history of Riviera tennis. The score follows:

First set.....4-4-4-4-3-4	Miss Fischer.....1-1-2-2-1-4
Second set.....4-4-4-4-2-2-4	Miss Wills.....2-4-1-1-2-2-4

## RABBIT PUNCHES

HUGH JENNINGS kicked open the floodgates of memories when he wrote about the old St. Louis Browns in his "Rounding Third" series. The old-time fans are giving the rebel yell and arguing pro and con about the line-up of the Browns in the early eighties. Walter Wheaton of Eagle Rock started it when he declared Jennings was confused when he included Kid Gleason in the St. Louis line-up that Kid never played with the Browns of the period mentioned but that it was Bill Gleason.

Along comes a St. Louis fan of Hollywood, who, relying on memory only, says Brother Wheaton made several errors in giving the line-up of the old Browns. This makes it an interesting feud, Eagle Rock who like to pore over the dope line-ups for the rival metropolis. Here are as follows:

Early Line	First Base	Hollywood Contender
Connelly	Shortstop	Bill Gleason
Connelly	Second Base	Bill Gleason
Connelly	Third Base	Bill Gleason
Connelly	Left Field	Bill Gleason
Connelly	Center Field	Bill Gleason
Connelly	Right Field	Bill Gleason
Connelly	Catcher	Bill Gleason
Connelly	Pitcher	Bill Gleason

## WILSON TO FORM OWN GRID SQUAD

Former Huskie Star Will Organize "Outlaw" Football Team Next Season

(BY A. P. NIGHT WIRE)  
CHICAGO, Feb. 8.—George Wilson, all-American halfback of the University of Washington, has decided to follow the footsteps of "Red" Grange in organizing and managing his own gridiron eleven next season.

C. C. Pyle, Grange's manager, said tonight he had accepted a proposition from Wilson to arrange for eastern games. The team will be known as "Wildcat" and his Washington "Wildcats."

Pyle, with Grange, returned to Chicago tonight to plunge into the work of organizing a new professional football league in opposition to the National Football League, which denied Grange a franchise to operate a club in the Yankee Stadium at New York. Pyle said the league would be limited to twelve clubs and intimated that he already had eight cities as prospects. Chicago may be included in the circuit, he said.

**MARA PREPARES TO FIGHT GRANGE**  
(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 8.—Tim Mara, owner of the New York football Giants, National Football League team, tonight promised "plenty of fight" if Harold (Red) Grange carries out his threat to form a rival league in order to make use of his lease on the Yankee Stadium here.

Mara is said to have "broken even" on the season.

(EXCLUSIVE DISPATCH)  
ALBUQUERQUE (N. M.) Feb. 8.—The University of New Mexico defeated the University of Arizona basketball team here tonight, 24 to 22.

## AMERICAN LEAGUE MEETS

Junior Circuit Convenes Today to Accept Playing Schedule for Season and Adopt Rules

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 8.—Adoption of a revised constitution is expected to furnish the most important topic of discussion at the opening here tomorrow of the annual schedule meeting of American League baseball magnates. With the exception of Philip C. Ball, president of the St. Louis Browns, who is ill in a hospital, full attendance of the junior circuit heads is promised.

Although the meeting is called to adopt a schedule for coming season, this is regarded as the last important business to be transacted since it means simply a formal ratification of dates already decided upon.

Clark C. Griffith, president of the American League champion Senators, believes that "the getting of the rules in black and white will be the best thing the American League has done in years."

Whether the question of allowing pitchers to use resin during the coming season, as favored by the joint rules committee, will come on for adoption remains problematical. President Griffith says, however, if it does come up he will vote against it "as a step backward."

There also is some doubt whether the matter of extending baseball Commissioner Landis's contract will come before the league presidents, but the meeting is looked upon generally as one affording an excellent opportunity for private conferences on various player sales and trades.

**WALKER IS TRAVELING WESTWARD**  
Mickey to Don Mittens in Middle West Before Coming Here to Fight

(EXCLUSIVE DISPATCH)  
NEW YORK, Feb. 8.—The departure for the West today of Mickey Walker, welterweight champion of the world, and his manager, Perfumery Jack Kearns, was not a surprise to followers of boxing. Mickey is willing to fight hereabouts, but as long as the Boxing Commission has a man under the ban, there is no work for him to do.

Walker will stop off for a while in Chicago and then engage in bouts in Minneapolis, Milwaukee, Los Angeles and San Francisco.

**L.A.A.C. QUINTET TAKES ON HOLLYWOOD OUTFIT TONIGHT**  
The Los Angeles Athletic Club Blues, only undefeated team in the A.A.U. circuit, play hosts to the Hollywood Athletic Club terrors this evening, the game to be played on the L.A.A.C. floor. Hollywood has dropped but one game. The strong Pacific Coast Club of Long Beach gave the movie quintet a bad beating some time ago.

Saturday night the Blues nosed out the Long Beach team by one point. Comparing these scores it would seem that the movie terrors will be the underdogs tonight. However, Hollywood beat Alhambra by a larger score than the Blues did, which tends to give the cinema chaps the edge.

## BEAR FIVE PLAYS HERE THIS WEEK

Grizzlies and Trojans to Meet Undefeated California Cage Quintet

Coach "Nibs" Price and his undefeated California basketball team will spend the week-end in Southern California, meeting the Grizzlies and the Trojans on Friday evening and the Grizzlies Saturday evening at the Olympic Auditorium. Since the Bears are a colorful aggregation and so far have swept through all opposition with but little competition. The Bear game will be the last major encounter for the Trojan terrors, who have been improving considerably in the past few weeks and accordingly should give the visitors a fast game. Coach Les Turner gave the Cards a scare in the final game Saturday night, when the Trojans tied the Cardinals, making an extra period necessary.

Dorsey and MacHaffie are rapidly rounding into shape, while Boyer, Laranta and Thomas should be at the top of their form. Boyer will meet his match, according to reports, in Holmes, the flashy Bear forward and captain. Holmes is the keynote of the Bruin offensive and has unusual ability in finding the basket. The rest of the California team consists of Watson, forward; Higgins, center; Couper and Carver, guards.

**I've  
got mine,  
Boys!**

YOU'LL say so when you discover what  
a perfect peach of a home-rolled ciga-  
rette P. A. makes. Pull up a chair and  
pull down your vest and get an earful of  
this sweet music about a better cigarette  
tobacco. We're talking about Prince  
Albert, you bet.

First off, P. A. rolls easier. It's crimp-  
cut and stays put. All of it goes into the  
papers . . . every fragrant, nut-brown  
grain . . . not into your lap or all over  
the floor. It burns better for the same  
reason. Doesn't go out as soon as you  
lay it down.

And you won't lay it down often  
when you discover that wonderful taste  
of real tobacco. Cool. Fragrant. Friendly.  
The Prince Albert process cuts out bite  
and parch pos-it-iv-ly. Get a tidy red  
tin or a toppy red bag today and you've  
got the best there is for cigarettes.

This goes for pipes too. If you've  
envied the fellows who have found pipe-  
contentment, just see what a wonderful  
difference P. A. makes in the bowl of a  
jimmy-pipe. Pipe or cigarette, your  
tobacco troubles are over when you sign  
up with Prince Albert.

**PRINCE ALBERT**  
—no other tobacco is like it!

Six cylinders give smoother performance than any "Four."

The Super-Six principle increases power. It lengthens  
car life and provides the advantages sought in more  
cylinders, larger motors and greater cost.

It is patented and exclusive to Hudson and Essex.

No wonder Hudson-Essex are the world's largest selling

Department of Agriculture  
Warns of Crop Damage

of Hibernation Higher  
Than Before

Weather Conditions  
Important Factor

FREDERICK J. HASKIN  
(SPECIALIST IN ENTOMOLOGY)  
WASHINGTON, Feb. 4. —  
The United States Department of Agriculture in a recent news bulletin to the people of the cotton belt has said that the boll weevil is about to be a surprise. At least the insects are that it will. Hibernation at various points in the cotton belt last fall was higher, with exception, than in any previous year for which records are available, and weevil hibernation later in the fall above the usual rate.

Statistics collected have been reliable to the weevil for the past few years, but the pest has lost stamina and nerve and the number of hibernations has increased. This is shown by a number of studies made by the United States Department of Agriculture in Louisiana, North Carolina, South Carolina and Georgia.

Experts are warned that the immunity from the weevil may have enjoyed for the past few years does not mean that the conditions are about to exist. Temperatures during the winter and summer will govern the ravages of the weevil this year, and not during the past two seasons.

**hibernation**

High winter weather conditions are the determining factor in weevil survival, of equal importance is the number of periods of hibernation in the winter. The Department of Agriculture studies disclose that the damage done by the weevil is by no means an indication of a small number of hibernations in hibernation at the time. The situation is, in fact, at certain places there is a high hibernation than during previous years.

Minah, La., for instance, it showed that the number of

## Almost Bursting With Gas

Thousands of people who suffer from that terrible feeling of oppression after eating, extreme nervousness, palpitation about the heart, headache, dizziness, shortness of breath do not know that such distress is often caused by pent-up gas in the stomach and bowels.

In many cases the heart is actually pushed out of place by the stomach. It is no wonder that the circulation is impeded, causing the hands and feet to grow numb. Is it strange that the heart palpitates or "acts funny" times?

Genuine, lasting relief from all ailing symptoms of gas can only be

be obtained by taking Baelmann's Gas Tablets at meal time. These simple harmless tablets get at the very cause of the trouble and help to remove it completely. Be sure to ask for Baelmann's Gas Tablets—yellow packages—price \$1 everywhere. On sale at McKay & Monkman, 966 South Broadway, Angeles Drug Co., 214 West 4th and other good drug stores. Mail orders accepted. J. Baelmann, Chemist, San Francisco. (Advertisement.)

**Historador Italiano Amenazando de Morder los Londres**

**LONDRES, Febrero 8.**—El profesor Gastano Salvemini, famoso historiador y ex-diputado italiano, ha sido tenaz enemigo del fascismo, ha sido acusado de traición, excitando a los fascistas de su patria a que lo asesinen, y que lo maten por haber amenazado con el "frío acero". El referido historiador se halla ahora desterrado.

La insistencia viene en el "Impero", órgano oficial fascista, y es como sigue:

"Por lo que ve al profesor Salvemini, no hay más que una solución."

Confiamos en que la bienaventurada muerte del señor Salveventuroso loco se dé mafa en el extranjero para lograr que haga tracción. El frío acero..."

El académico de las tertulias "par mi", declara el profesor: "Pero si me hallara yo en Italia, ya sería otra cosa; yo haría un uso de la libertad al asesinato."

El profesor Salvemini fué objeto de muchos ataques por parte de los académicos de la Universidad de Florencia, donde era profesor de historia.

En 1923 solicitó un pasaporte de Italia a Londres, con el fin de dar conferencias en King's College. Los académicos le negaron el pasaporte, y en respuesta a una protesta dirigida a Roma, el primer ministro Mussolini declaró: "Es mi voluntad absoluta".

La contestación del profesor Benito Mussolini fue: "Después de mi regreso dejé de molestarme hasta Junio de 1925, fecha en la que fué arrestado y acusado de complicidad en el asesinato de Matteotti, pero puesto en libertad por falta de pruebas."

El profesor renunció entonces su nombramiento de la Universidad de Florencia, y ha estado desde entonces en el exilio en París y en Londres sobre el Fascismo y otras materias. En la actualidad él está sustentando en el King's College de Londres.

**El Teorero de la "Goodyear" Descalza \$159,000**

William F. Downe, teorero de

"Goodyear", compañía de caucho y neumáticos de California, ha sido arrestado por una acusación de fraude. El acusado es el Sr. Walter, vicepresidente y gerente general de dicha compañía, y ha sido acusado de haber vendido su casa, donde se halla gravemente enfermo, hasta una sala de pesos del Hospital General. Se le acusa de haber vendido el personal de la oficina del sheriff, cuando éste se encontraba en la investigación de más de dos semanas practicada por los directores de la compañía Goodyear. El arresto no fue el cabo hasta descubrir en las cuentas de Goodyear un desfase que llega casi a \$100,000. El acusado fue arrestado por el teniente fiscal Hammer.

El acusado manifestó que hizo un préstamo de \$100,000 para financiar a un chantajista, que pertenecía a la familia de un senador, y que lleva varios años de estarlo amenazando con revelaciones difamatorias.

Después de haber sido arrestado, el Sr. Goodyear fue llevado al Hotel Mayer Lombard un Viajero.

Ayer tarde, a última hora, resultó gravemente herido un viajero, y ligeramente otros varios, precipitarse por un terrapién que se resquebrajó al salir de la planta de fuerza, y caer a media milla del club, un ómnibus lleno de viajeros desde la estación de la calle de Grinnell al Bulevar de Los Feliz, hasta el edificio del club.

El viajero, que transporta cargadores de golf, se acercó mucho a la orilla de la carretera, que cedió al salir de la curva, por las lluvias recientes. El vehículo cayó por un talud de veinticinco pies, y dio tres vueltas en el tráfico, al salir de la calle de Grinnell, se E. G. **FIGURES GIVEN BY COTTON GINS****Calexico-Mexicali Region Has 73,923 Bales****Much Remains in Fields to Swell Total****Production Yet May Exceed Last Year's**

CALEXICO, Feb. 8.—Cotton ginned during the present season for the period ending last night in the Calexico-Mexicali district amounted to 73,923 bales, according to the ginners' reports.

Calexico gins have turned out 1875 bales, representing the crop in the south end of Imperial Valley on the American side of the line, and Mexicali gins have produced 72,048 bales which was grown in Lower California.

The Clark gins in Mexicali, said to be the largest in the world, have produced nearly half of the total for the district, with 35,811 bales to their credit.

It is estimated that between 2500 and 3000 bales remain in the fields yet to be ginned. The 1933 production is still 3000 less than the total figure for 1934, but it is anticipated that the cotton yet to be picked will bring the season's total above that of the previous year.

**Waives Hearing in Arraignment on Girl's Charge**

SANTA BARBARA, Feb. 8.—Roy M. Sherill, 31 years of age, of Long Beach, arrested assailant of Miss Tricia Hamilton, Long Beach beauty parlor proprietor, today waived preliminary hearing before Justice Morrison and is expected to plead guilty in Superior Court to a charge of assault with intent to do great bodily harm.

The District Attorney's office today announced that the charge of assault with intent to commit murder had been dropped and that if he pleads guilty to the other charge, the prosecutor also will dismiss a third complaint, charging Sherill with assault with intent to commit a statutory offense.

Criminal action against the Long Beach man followed the story told Saturday by Miss Hamilton, that Sherill attacked her in an automobile while they were returning to Long Beach from a trip to San Diego Thursday night. She escaped from Sherill at San Juan Capistrano she said, and pawned her watch to obtain cash for home.

**FRUIT LAND LEASED****Imperial Valley Tract Rented for Three Years at \$45 an Acre**

CALEXICO, Feb. 8.—One of the most important land leases ever recorded in Imperial Valley was announced this week when H. H. Clark, owner of the old California Development Company ranch near Calexico closed negotiations whereby the Earl Fruit Company pays a rental of \$45 an acre annually for three years on 600 acres of land.

The Earl company plans to devote the entire acreage to lettuce and cantaloupe crops. The land has been leased for several years, and is said to be in ideal condition for vegetable growing.

Unusual activity in both the leasing and the sale of Imperial Valley lands has been reported by real-estate operators during recent weeks. Melon and lettuce growers have made good profit during the last two seasons, and there is much demand for alfalfa land, which is available for sale.

Interest in real estate has been stimulated, the realty brokers say, by reports from Washington indicating the possibility of federal river legislation during the present session of Congress.

**FIGHT FRUIT THIEVES****Redlands Packers Plan Patrol of Orchards to Halt Losses**

REDLANDS, Feb. 8.—The stealing of fruit from the citrus groves in Redlands has reached such proportions that the packing-house managers are to meet tomorrow and try to make plans for a patrol of the citrus districts.

A few nights ago thieves stripped the fruit from twenty trees of the Thomas Gore orchard and last night another orchard on Orange street was threatened, but the thieves were seen and police called. Before the thieves could reach the orchard the thieves had taken flight and gone.

A few days ago fifty boxes of oranges were stolen from a grove near by and there have been many other thefts lately.

**SOUTH BAY BANKERS CHOOSE NEW LEADER**

HERMOSA BEACH, Feb. 8.—O. B. Thatcher, vice-president of the First Bank of Hermosa Beach, was elected president of the South Bay Clearinghouse Association for the year 1934, to succeed E. B. Webster, president of the Farmers' and Merchants' Bank of Hermosa Beach, chosen at the organization of the association last year. Other officers are: C. V. Walker, vice-president; Charles Pierpont, secretary and treasurer. The new officers will be installed at a formal dinner and dance at the Surf and Sand Club at Hermosa Beach some time during this month. The combined resources of the members of the clearinghouse association as of December 31, 1933, was \$5,475,324.

SAN DIEGO, Feb. 8.—Miss Clyde Petet, only survivor in the tragedy which brought about the death of her father, mother and sister Audrey, following the asserted seduction of the two daughters in Tia Juana, still is unconscious at Mercy Hospital here this afternoon.

**NEW HOTEL TO BE BUILT IN BRAWLEY****Business Men to Finance Hundred-Room Structure at Cost of \$185,000**

BRAWLEY, Feb. 8.—After several months of stock selling and negotiations definite announcement has just been made that construction work will start at once on a new \$185,000 hotel, to be financed by the Producers' Hotel Corporation, composed of local men.

The structure will be erected on Main street opposite the Plaza, and will contain 100 rooms.

Six business men, Roy Silgenhauer, Roscoe Jones, George Jones, Harry Sears, Elmer Sears and Fred Halver, are supplying \$100,000 of the money, according to the report of those interested. The remainder of the amount is supplied by small stock subscriptions of Brawley business men.

Brawley has been seriously handicapped for lack of hotel accommodations since the Dunlap burned nearly two years ago, and little difficulty was encountered in getting business men to subscribe the necessary capital for a new hotel.

**YOUTHS STUDY SEA IN GARAGE USED AS SHIP**

HUNTINGTON PARK, Feb. 8.—This city has a new organization for boys which is known as Sea Scouts, and it is now under the supervision of N. M. Kemplin of North Stafford street. There are twelve boys in the organization, their ages being from 12 to 18 years. They have a "ship" which is the upper story of Mr. Kemplin's garage. The officers are the skipper, the quartermaster, the coxswain and the remainder of the boys are the crew. Meetings are held one evening each week to study the sea's craft. Among the subjects studied are signaling, life-saving, kitchen work, keeping of log, sail making, ship carpentry, ship electric, the coxswain and knot tying. They also make a study of the different types of ships.

**AID FUND CHIEF NAMED****George W. Emmons to Head Pasadena Street-Strand Crash Relief**

By a "Times" Staff Correspondent  
PASADENA, Feb. 8.—George W. Emmons of Pasadena, former vice-president and general manager of the General Electric Company at Schenectady, N. Y., was today named chairman of the investigation of the fund-raising committee which will distribute the funds of the \$100,000 bond issue voted here for the relief of victims of the New Year's Day street-strand crash.

First funds from the sale of the bonds are expected to be available to the committees within the next two or three weeks. Meanwhile, Chairman Emmons and his committee of prominent men and women of the city will conduct their investigation of the accident and will confer with the Board of City Directors.

**FIRE DEVASTATES CAMP****Blaze in Greenhorn Mountain Town Sweeps Business District**

BAKERSFIELD, Feb. 8.—Fire of unknown origin starting at 1 a. m. today consumed the entire business district and one residence in Glenville, forty-two miles northeast of Bakersfield, in the Greenhorn Mountain district, causing a damage of several thousand dollars and destroying one of the oldest landmarks in Kern county. News of the fire was brought to Bakersfield by Guy Ames, a resident of the Glenville district.

Included in the buildings burned were the post office, a drug store, stock and fixtures, owned by George Maddux, a dance hall owned by Norris Wilkes and a telephone station belonging to Batty. The residence of Jess Miner also was razed.

**RUM BOTTLES TELL CAUSE FOR SUICIDE**

OXNARD, Feb. 8.—Dave Sanford, 61 years of age, an employee of the D. McGrath Estate Company, committed suicide at his home at 8 a. m. today, found dead when officers broke down the door. He was a widower. Two children are left in Fresno. The man's wife, who died some time ago, is said to have left two ranches at Fresno.

**PRODUCE MAN LOSES \$700 TO BANDIT PAIR**

Two armed bandits, one a negro and the other a Mexican, walked into A. M. Green's produce market at 1142 Central avenue yesterday afternoon, robbed the proprietor of \$700 in cash and then departed in a car which they had left parked in front of the store.

**NAVEL ORANGE SHIPMENT OVER****Anaheim Just About Brings Season to Close****Reports Prices Good With Steady Demand****Other Sections to be Cleared Out in Two Weeks**

ANAHEIM, Feb. 8.—Good prices with ready demand characterized the 1934 Navel season, which practically has come to a close as far as Anaheim growers are concerned. It was learned today.

Two cars of Navel remain to be shipped from the Anaheim Citrus Fruit Association, and when these are put on the rails the latter part of this month. Navel shipments from this section will have been concluded for the season, distributors state.

Sixty-eight cars of the Navel have so far been put on the rails from the Anaheim district, according to reports this morning from the three principal citrus houses of the district. Dale Wing, manager of Anaheim Citrus Fruit Association, twenty-seven cars; Anaheim Co-operative Orange Association, twenty-one; and Anaheim Orange and Lemon Association, twenty.

Approximately thirty more cars of the winter fruit remain for shipment in the Fullerton and Placentia districts. Dale Wing, manager of the Northern Orange County Citrus Exchange, reported this morning. These are expected to be cleared away within the next two weeks he said. The present season surpassed the 1933 season in production and average market prices, distributors state.

**SUSPECT IN LARGE BOND THEFT HELD****F. H. Brock Arrested and \$6000 of Asserted Stolen Certificates Recovered**

Recovery of six \$1000 bonds of the City of Danville, Ala., said to have been stolen in a sensational robbery of the general offices of the Alabama Power Company at Birmingham, April 1, 1934, was reported yesterday by police in connection with the arrest of F. H. Brock on a charge of suspicion of grand larceny.

Other bonds said to have been taken in the robbery were traced to the possession of John Worthington, so-called "Wolf of the Salts", now in Atlanta prison, police declared.

Brock, who is an oil worker, 48 years of age, living at 4383 South Normandie avenue, arrested, said he had bought the bonds in food cash a year ago.

The arrest followed a report to police by H. E. Wagner, an automobile dealer at 1540 West Sixth street, that a prospective purchaser of two machines had offered two of the bonds as first payments, it was stated.

The robbery, in which the bonds are said to have been taken, amounted to several hundred thousand dollars, according to police. Atty-Gen. Martin of Alabama, upon being informed of the arrest and the recovery of the six bonds, telegraphed police he would come here to question Brock. The arrest was made by Detective Lieutenants Lansing and Pruitt.

**COUNTY TO COLLECT BOOTLEGGERS' BOND**

SANTA ANA, Feb. 8.—Because Alexander Wilson, convicted Westminister bootlegger, he is said, jumped his bail, the county of Orange today filed suit in Superior Court to collect the \$500 from the Metropolitan Casualty Insurance Company of New York. Wilson was convicted March 9, 1933, of selling liquor. His sentence was deferred until August 1, 1933, when until December 4, because he pleaded illness and inability to come into court. The \$500 bond had been posted in January, 1933. When Wilson failed to appear in court for sentence December 4, the court declared his bond forfeited. The bonding company is asserted to have refused payment of the bond.

**CAR OF ANGELENOS WRECKED ON BRIDGE**

VENTURA, Feb. 8.—Henriques and his wife of Los Angeles narrowly escaped serious injury this morning when their automobile crashed against the cement bulkhead of an overhead crossing on the State highway a mile west of the city, turning over. The body of the car was demolished, but neither of the occupants was injured beyond scratches and bruises.

**PASADENA DIRECTORS REBEL****Three Members of Board Refuse to Attend Executive Session as Protest on Secrecy**

By a "Times" Staff Correspondent  
PASADENA, Feb. 8.—City Directors Newcomer, Easterbrook and A. N. Cole today took their first definite step against the Board of Directors' practice of holding secret meetings when they refused to attend the regular Monday afternoon executive session of the Board which regularly precedes the weekly meeting Tuesday morning.

Despite the nonappearance of the three, they will attend no more executive sessions.

It has been the custom of the board to discuss and make advance decisions on public questions in these secret meetings, so that when questions are presented for discussion at the regular public meeting the board is reduced to a minimum.

Interesting developments in tomorrow's voting are expected to take place when Newcomer, Easterbrook and A. N. Cole go to the meeting, but without benefit of advance discussion.

The three dissenting Directors, who constitute the "minority group" of the board's seven members, declare that the board transacts city business in the secret meetings, and that as protest against conducting public affairs

**YOUNG NIMROD BAGS WILDCAT****Small Boy, Shotgun and Terriers Fatal Mixture for Hunting Fury**

BAKERSFIELD, Feb. 8.—A very small local boy, aided by two diminutive fox terriers and a single-barrel sixteen-gauge shotgun, was the undoing of a thirty-pound wildcat near "Will's Cabin" on the river three miles north of Bakersfield yesterday. The boy is 13-year-old Willis Harding, son of Police officer William Harding, 393 Monterey street. The dogs are the property of William Smith, in charge of the Kern County Land Company's Weirs at Kern Island Station. The wildcat is defunct.

The terriers sprang a wildcat and gave chase. The cat retreated to a high limb of a cottonwood tree, where he defied the hunters with conventional wildcat maledictions. Willis discharged a shell from his gun, and the huge cat crashed from the limb to the ground, where another shot finished him.

**Fire Damages Wilbur Wright Airplane Shops**

DAYTON (O.) Feb. 8.—Three major buildings and several smaller ones at the Wilbur Wright Air Field near here burned today. A brisk breeze rapidly spread the flames, but also forced the fire away from other buildings. Damage is estimated at \$250,000.

More than a score of airplanes were hauled to safety. Many materials were reached by the fire. The fire started in a building where coatings for the fabric parts of airplanes were mixed. One of the main engine and repair shops and the oil-reclamation building were destroyed.

The fire is believed to have originated from electrical sparks in a room where several men were working on a motor. The fire spread rapidly and was out of control by the time it reached the main building.

**RAINS PUT LETTUCE IN FINE CONDITION**

RESEDA, Feb. 8.—Hundreds of acres of young lettuce that is being grown for early spring harvesting, and which will be shipped to eastern markets as soon as packed, are to be seen between here and Oxnard, especially in large fields along either side of Vanowen street, the long highway that recently has been paved for several miles from here in a westerly direction. Most of the lettuce is one and two inches above ground and is in fine condition to curl into small heads. Recent rains have given the lettuce fields a splendid impetus, and conditions are such that a large crop of extra-fine grade is expected. In this vicinity also are to be seen fields of spinach that have about reached maturity, much of which will go to valley canneries within a short time. East of here and toward Van Nuys are other spray fields of plants about ready to go to the canning plants. Some of this already has been contracted for by the plant at Van Nuys, which this year is making a new test in canning spinach.

**TEACHERS WILL PLAN TREE-PLANTING DRIVE**

MISSION ACRES, Feb. 8.—The San Fernando Valley Association of School Principals will hold its regular meeting in the school here on the 11th inst., at which time the session will be devoted to the beginning of plans to plant trees in front of homes and along valley highways. Principals from twenty-four schools will be present at the address, which will center around the planting of trees, the principals will instruct the teachers under them to make talks to pupils and parents as to the importance of the tree-planting campaign. A concerted effort is to be made to plant at least one shade tree on their home premises.

**HUNTINGTON PARK FIRE FIGHTER TAKES BRIDE**

HUNTINGTON PARK, Feb. 8.—Oliver Bowers, first engineer of the local fire department informed Chief Hathaway Saturday that he would be away on a two days' vacation, and with this announcement left the department. He returned this morning, accompanied by a bride, who was Miss Pearl Clarke of Eagle Rock. They were married yesterday at the home of the bride.

**TOWN HAS WRECK EPIDEMIC****Fast Train Hits Sand Truck at El Monte and Four Autos Tangle Up Injuring Four**

EL MONTE, Feb. 8.—In a series of accidents on the Valley Boulevard east of here yesterday and last night six cars were wrecked and five persons seriously injured, one of them possibly fatally.

At 12:40 p. m. a large gravel truck owned by the Sycamore Canyon Gravel Company of Whittier attempted to cross the main line of Southern Pacific tracks just ahead of the Golden State Limited which struck it, tearing the truck to pieces and spilling gravel for 100 yards or more. The engine of the train was saved in the pilot turned under the water line broken and damaged to such an extent that it was necessary to send for another engine to continue the run. The damaged engine was towed back to Los Angeles.

The driver of the truck stated he failed to see the train and when it was upon him he jumped clear of the accident. He was considerably bruised but not seriously injured.

At almost the same location last night four automobiles ran together and five persons were seriously injured. H. G. Havens, 5594 Grosses Building, Irvington, was towing another light car when H. E. Morgan of 506 South Marqueria Avenue, Alhambra, ran into him. While this mix-up was occurring, Barney Marille, 2521 Fairmont street, Los Angeles, accompanied by Axel LaFremier, 4763 Mission avenue, Belvedere Gardens, and Minnie Olsen, 2704 Wabash avenue, Los Angeles, smashed into the three cars causing a serious mix-up and the serious injury of Marille, who suffered a fractured skull and a broken arm. He was taken to the County Hospital, together with LaFremier, who received a fractured knee and badly lacerated face. Miss Olsen, who had a broken arm and a chest injury was taken to her home. Morgan, who ran into Havens, had his leg lacerated and was given treatment at the Alhambra Hospital while Havens, who was badly bruised and torn about the face was taken to the County Hospital.

The Sheriff's office answered a hurry-up call and questioned the participants of the accidents, who told conflicting stories. No arrests were made.

**AID ASKED IN FIGHT TO KEEP PLAY****San Gabriel Will Lay Plan Before Neighbor in Battle for Mission Attraction**

ALHAMBRA, Feb. 8.—At the request of the San Gabriel Chamber of Commerce the directors of the Alhambra Chamber of Commerce, at their meeting Tuesday night, will discuss a campaign to halt the proposed removal of the Mission Play from San Gabriel. It was announced today by Secretary Renfro of the local civic body.

George Baker, chairman of the San Gabriel Chamber of Commerce Mission Play committee, will appear at the meeting and outline the plans of his organization to keep the McGroarty drama in the city where it has been presented for so many years. While anxious to assist in every way possible the effort to retain the Mission Play in the San Gabriel Valley, the Alhambra chamber desires first to procure more information on the subject and to hear of the plans formulated by the San Gabriels.

The Alhambra organization has received many appeals to take an active part in the campaign to keep the play in this section. Mr. Renfro said today and it is believed that this city will give strong aid to her sister city in the fight.

**San Bernardino County Forming History Society**

REDLANDS, Feb. 8.—A San Bernardino county historical society is being organized. This is an outgrowth of the movement in Redlands to restore the branch of the San Gabriel Mission on the site of Poliana west of Redlands, and means the whole county will have a history museum when completed, and the purchase of the land and the crumbling walls of the old mission ranch new stands.

The committee on constitution and by-laws is now working. The committee consists of Mrs. G. W. Beattie, chairman of the committee on history and landmarks of the County Federation of Women's Clubs; Miss Emma Jackson, chairman of the same committee of the San Bernardino County Federation of Women's Clubs; and Lyman M. King.

**TWO MAY DIE IN CRASH**

Car Goes Over Grate When Feb. 8. Motor Strikes Driver's Eye

BAKERSFIELD, Feb. 8.—Two men, A. Cubid and M. Mangubat of Pasadena, are lying unconscious in the San Joaquin hospital, with fractured skulls and probably fatal injuries as the result of an automobile accident near Keene last night, when the machine in which the two men were riding over the grade for a distance of seventy-five feet.

According to a report of the accident given by Romans, who miraculously escaped injury, the Buick sedan, which was being driven by the two men, was stuck to the ground when it rounded a sharp curve the machine plunged over.

"A piece of gravel flew into my eye and I reached up to wipe it out and then we went over," the driver, Filipino, was questioned about the accident.

**SEIZED CARS ORDERED RETURNED TO OWNERS**

VENTURA, Feb. 8.—By order of Judge Rogers of the Superior Court a Peoria and a Buick sedan, seized by local officers in connection with a recent liquor raid conducted near Point Mugu, when they were abandoned by the fleeing bootleggers, were today released, the Buick to Mrs. Bernice Roach of Los Angeles, and the Peoria to the Peoria Bank of Los Angeles, which contained considerable liquor. The Chrysler is still held. No liquor was found in the Buick or Peoria cars.

**DISTRIBUTION SOUGHT OF ESSINGER ESTATE**

SANTA ANA, Feb. 8.—William Essinger, who died in Laguna Beach December 11, left an estate including property in Los Angeles and Laguna Beach and \$13,178 in cash and personal property to his brother, Charles Essinger of Laguna Beach, and his sister, Margaret A. Essinger of Los Angeles. This was shown in a petition filed in Superior Court by Charles Essinger, represented by Attorney L. A. West, for appointment as administrator of the estate.

**NOTABLES WINTER IN PASADENA****By a "Times" Staff Correspondent**

PASADENA, Feb. 8.—More and more notable persons are arriving in Pasadena for the winter. Among the latest arrivals are Mrs. H. H. Clark, owner of the old California Development Company ranch near Calexico, who is here for the winter. She is accompanied by her family. Also here is Mr. H. H. ## A Colossus among Giants

### General Motors Contribution to American Industry

Born of the combined engineering genius of 1,000 of the world's foremost engineers and fostered by the gigantic General Motors Corporation, with operations covering some 144 countries, resources running in the hundreds of millions of dollars and sales aggregating *One Billion Dollars* yearly, comes Big Brute—a truck such as the industrial world has never seen before.

Brute in name, power, in size. Brute in terrific stamina and tremendous endurance. Big Brute is built to stand impregnable against the most brutal requirements of man and industry.

Beautiful in its brutal ugliness, Big Brute looks what it is.... a Colossus among the Giants of modern transportation. With the operating ease of a lithe passenger vehicle, a Fisher-Built Cab to furnish driver's comfort unknown before, and mechanical improvements years beyond the ordinary conceptions of today, it stands to change the industrial motor transportation of the world.

#### A Truck Without "Bugs"

From its vast engineering experience, covering the production of over 4,849,485 passenger and commercial cars, during the last 25 years, General Motors Corporation has eliminated, in Big Brute, the vital weaknesses, the engineering mistakes, the structural flaws previously common among heavy duty trucks. Big Brute is a truck without "bugs." More than 71% of all motor vehicles made and sold by General Motors are now in active service.

The motor trucks of the entire world were studied by General Motors engineers in developing Big Brute. Service records, covering the past ten years—*actually the experimental development years in truck transportation*—were gathered from all possible sources, throughout the world. The strength and weaknesses of all trucks became an open book to General Motors experts.

PRODUCTS OF Yellow Truck & Coach Manufacturing Company

GMC Big Brute, 3½-ton	Yellow Coaches
GMC 1, 1½, and 2½-ton Trucks	Yellow Light Delivery Trucks
GMC 5 to 15-ton Tractors	Hertz Drivervelf Cars

It was learned why some trucks rendered but limited service. Why others surpassed them. Why some operated under nominal upkeep, while others were economic failures. Some of those factors related to engineering, others to material and workmanship; some to operating simplicity, others to minor mistakes in design or manufacture. One by one, these factors were met, analyzed and weighed. The mistakes of these ten experimental years were corrected. A new standard in heavy transportation thus was set.

Years from now another truck like Big Brute may be built. Today it cannot be fairly weighed against any other known. There is no other that's comparable.... In presenting it, General Motors Corporation feels that it is making an important outstanding contribution to American industry.

#### Sold Under GMAC Plan

Big Brute, like all other products of the General Motors Corporation, is offered under the liberal General Motors Acceptance Corporation Plan of deferred payments—the lowest cost under which any motor car or truck can be financed on time payments.

All of that is not so important to him mind just now, however, as the fact that he has been able to appear to be assured for the last time. What Col. Knight really says is that at a termination of the land use program, the state would lose the development of the State's resources, as he points out, "\$160,000,000 will be spent, and the state will have no use for it."

There is a strong feeling in Florida for improvement.

The most convincing proof of the validity of our position is the recent action of the contractors of a State road work program.

The International Power  
Securities Corporation was  
organized in 1923 and was  
the first American company  
to acquire selected securities  
of foreign companies, and  
light and power companies  
in the United States and  
foreign countries.

The bonds are secured by  
the real obligation of the  
company and will be specifically  
secured by a \$5,000,000  
obligation of the International  
Gas Company, Tulsa, Okla.,  
one of its most important  
subsidiaries in the United States  
and foreign countries.

Each holder of \$1,000 in  
the present issue will be  
entitled to purchase twenty  
shares of 100 shares of the  
International Gas Company,  
Tulsa, Okla., at a price of  
\$40 per share, depending on the  
date of exercise.

## COPPER MARKET TONE IMPROVES

Quotation Firm at Advance

Waiting Policy of Producer  
is Rewarded

Spectacular Price Increase  
Not Expected

BY CHARLES F. WILLIS  
Editor, The Mining Journal

Copper has shown the first  
reaction in a long while to its im-

proved statistical position and the  
increasing sales of the metal by an

increase in price to 14 1/4 and  
strong at that figure.

This reaction immediately fol-  
lows a period when there appeared

to be weakness developing among  
the producers and a tendency to

stabilize the price. Even though  
statistically the copper situation

was improving, it was not evident  
in the price.

The past year brought forth a  
big change in the copper situa-

tion, greatly increased consump-  
tion, and a corresponding increase

in production and greatly lowered  
stocks of refined copper.

Only about two weeks' supply on  
hand.

YEAR PROFITABLE  
But this is not the most im-

portant thing that has been  
brought forth. It has been point-

ed out by Arthur Notman, a min-  
ing engineer of New York, who is

now in charge of the copper divi-  
sion of the American Bank and

Trust Company, New York, that  
the last year has been a profit-

able one for the copper industry.  
In 1925 the average price of

producing copper was fully  
14 cents per pound lower than

the average price of 1924. In  
fact, they may have been ap-  
preciably lower, and the addi-

tional cent a pound on price should  
be a considerable margin in dis-

tributable earnings.

The changes in domestic con-  
sumption have not been so great

during the past year. While the  
electrical industries took 12,000

tons less copper in 1925 than they

did in 1924, the increase in other  
uses more than made up for this

decrease.

Reflecting the Growth  
of Los Angeles

THE demand for office space and the growth of  
Los Angeles must continue together. Well  
located office buildings in the downtown dis-  
trict offer excellent security for credit.

We recommend for your consideration two bonds  
whose security values are embodied in modern Class  
"A" buildings in the downtown Seventh Street shop-  
ping district. Both are the obligations of responsible  
companies of considerable outside worth.

## WALL STREET PARAGRAPHS

Collapse in Food Shares  
Shakes Equilibrium  
of Market

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 8.—Heavy  
selling carried prices down pre-

cipitately on the stock market to-  
day, induced by numerous devel-

opments over the week-end, in-  
cluding the unexpectedly large to-

tal of loans tied up in speculation,  
the investigation of proposed food

mergers at Washington and the  
continuance of a firm tone in

money. Declines in some instances  
were sensational in their propor-

tions, but the bad breaks were re-

stricted to specialties which had  
recently been bid up rather ex-

cessively on consolidation prospects.  
Considerable volume of selling or-

ders had accumulated in the broker-  
age hands over the week-end as an

outcome of the publication of data  
on brokers' loans, but strong spec-

ulation neutralized the effect of that  
selling for a time after the open-

ing. News of the start of gov-  
ernment action against the mer-

gers of food companies under con-  
templation brought heavy selling

into those shares, however, and up-  
set the equilibrium of that general

list. Speculators for the decline  
helped the movement along par-

ticularly in the specialties where  
loans had been bid up over 20

points were registered. Ralls  
with one or two exceptions, held

remarkably well, and some recov-  
ery was made in the general list

late in the day.

Little Excitement  
Despite the fact that brokers'

borrowings as announced by the  
stock exchange at the end of last

week proved substantially larger  
than had been generally expected,

the street was not unduly excited  
over the situation. The general view

taken was that if the total was  
larger than fixed by estimates, those

estimates had failed to take into  
consideration the large num-

ber of new issues listed last  
year, many of them the result of

the widespread tendency of pri-  
vately owned industrial enter-

prises to share their ownership  
with the general public through

the offering of securities. The fig-  
ure was also looked upon as de-

monstrating the generally prosperous  
and wealthy condition of the

country.

Food Stocks Jeopardized  
Panic conditions prevailed in

the food stocks, particularly those  
which have been under discussion.

These stocks were jeoparded for  
what they would bring upon the

announcement of the opening of  
proceedings by the Department of

Justice, under the antitrust laws,  
against the proposed merger of

such companies, Ward Baking "B"  
displayed no resistance for

time but subsequently broke wide  
open under a deluge of offerings.

California Packing tumbled precipi-  
tately on the report that the pro-

posed merger of that company with  
Postum Cereal had been declared

off as a consequence to the move-  
ment of the government authori-

HEAVY TRAVEL  
ON WAY HERECalifornia-bound Trains All  
Loaded With TouristsNew York Visitor to City Says  
Florida Boom PrickedReality Investors Make Efforts  
to Unload Property

All trains bound for California today are loaded down with tourists and others interested in this section and the State will see an influx during the next few months that has not been equaled since 1923, declares Dr. Samuel G. Gant, prominent New York surgeon, who arrived at the Biltmore yesterday.

Dr. Gant, who is accompanied by his wife and daughter, is here to spend five or six weeks, after which the party will go to Honolulu for the rest of the winter season. They came here from Florida, where Dr. Gant said they stayed for a short time and then decided they liked California better for a winter vacation.

"Most of the automobiles seen in Florida now are headed north, the trains coming into that State carry only a small number of passengers and the hotels in the cities are only half-filled," said Dr. Gant. "I got the impression that the boom is over."

**REALITY MEN RETURN**

"One prominent Florida real estate firm I know had off 117 salesmen in one day recently. Last September when I was in Florida I met many Los Angeles realty men there and was told there were about 2000 operating in the State. During my stay in Florida I met many of the Angelenos I became acquainted with last fall. Virtually all of them were planning to trek back to Los Angeles."

Persons who have invested in Florida lands are beginning to make efforts to unload, Dr. Gant said. "It will not be easy for them to turn it at a profit," he commented. "These purchasers are beginning to realize that it won't turn out as they expected. In my opinion, not 50 percent of the property on which an initial payment has been made will ever see a second payment."

**EXCITEMENT DIES**

One of the causes of the abnormal boom in Florida, Dr. Gant attributes to the fact that so many of the people who went there from the north had never seen a winter season in tropical America. "It went to their heads and the boom was the result," he said. "On the other hand, one of the causes for the slowing down of the excitement may be found in the abnormality of the activities that have prevailed in Florida of late. The people were themselves out seeking artificial excitement. In my judgment, it will take Florida several years to get back to normalcy. It's like a city that's had a vast exposition going on in its midst for a protracted period. When the big show is over everything seems flat."

FUNERAL SERVICE  
for J. M. Hull  
This Afternoon

Funeral services for James M. Hull, 68 years of age, will be conducted at 1 p. m. today from the chapel of W. A. Brown, 1338 South Figueroa street. Mr. Hull died Sunday after being ill some time of pernicious anemia.

Prior to locating in Los Angeles, he practiced law for many years in Missouri. He was a member of the California Bar Association, the City Club and several other organizations.

Mr. Hull leaves a widow and two children. Mrs. Hull is a sister of Nona C. Bailey of The Times advertising staff.

His plans. The boat was laid up, and its owner left for Los Angeles. Mr. Untermyer is at the Ambassador, but will take a house either in Pasadena or Altadena, he said, and remain here throughout the winter. He has not been in the best of health recently and found that the dampness of Florida did not agree with him. He was confined to his bed yesterday, but declared that he was merely tired from the long journey. The tonic effects of the climate here, he said, are certain to be of benefit, as nowhere else is there such a combination of vigor and mildness.

ISLAND YACHT  
CLUB PLANNED

(Continued from First Page)

Improvements, including the clubhouse are expected to follow shortly. The anchorage already has a depth of sixteen to eighteen feet of water for moorings, and can be deepened easily, Mr. Garbutt said.

The project is entirely distinct from the California Yacht Club, which has a big clubhouse at Wilmington and an anchorage which is being enlarged for the 300 craft accustomed to moor there, as well as the California's branch clubhouse in the outer harbor. It also is unrelated to the Athletic Club's holdings along Santa Monica Bay, which rumors often have said would be the yachting headquarters of the future.

The temperature of Florida is mild, Mr. Untermyer found, but it lacks the invigorating quality of Southern California breezes. He went to the southern State, planning to pass the winter there on his household. But the sameness of the climate and the excessive dampness caused him to change

All of the information now in the hands of the authorities was given them by members of the Goodyear company who were told by Downs.

In their official announcement of the shortage made a week ago, the Goodyear company announced that complete coverage on all losses is carried for them by the National Surety Company, the first to discover Downs's past, the United States Guaranty Company and Lloyd's. The company, according to the officials, will not suffer any loss from Downs's asserted operations.

ADVOCATES  
MILITARY  
TRAININGWorld War Veteran at  
City Club Forum Points to  
Preparedness Needs

Emphasizing the benefits both to the individual and to the nation of military training in the schools and colleges of the United States as provided for by the National Defense Act, John C. Campbell, a veteran of the World War and member of the Officers' Reserve Corps, last night made the principal address at an open forum at the City Club.

Campbell declared it is generally accepted that war is an evil, but said preparedness is the best insurance against war. He characterized military training in the schools and colleges as a cheap way of character development for the youth of the nation and training for respect of law and order.

Further support to the plan was given by Melville Dozier, for years assistant Superintendent of Schools in Los Angeles, and by Col. S. M. Saltmarsh, for twenty years identified with the National Guard.

A. E. Briggs, chairman of the meeting, said better results could be obtained by abolishing military training and installation of technical education of military nature.

of City for Twenty-one  
Years, Dies Suddenly

Jesse Smith, acting battalion chief of the fire department and for a number of years a captain, died suddenly at his home, 223 North Avenue 59, last night.

Smith had been repairing the roof of his home with the aid of his neighbor, George Simmons, a retired lieutenant of the fire department. Complaining of feeling ill, Dr. John L. Smith was summoned.

Dr. Smith administered medicine, but the chief died shortly after the arrival of the doctor. An autopsy will be performed to determine the cause of death. It was stated last night by Lieutenant of Detectives White of Lincoln Heights division.

Smith had been in the fire department for twenty-one years and would have been eligible to retire this month. The body was removed to the Alvarado undertaking parlors.

## PUBLIC VS. PRIVATE INTEREST

(Continued from First Page)

interests are predicting reverses for themselves and a setback for the community if the union terminal is built.

Today, as in the harbor fight, they are offering a cheaper and inferior service to the public because by so doing they will preserve their monopoly of a profitable business.

It is the old story of private interest against public interest.

And they have not learned that that public utility best serves itself which best serves the public.

## CRAFT GO ASHORE IN FOG

Two Fishing Boats and Tanker Ground in Heavy  
Sea; Shipping Schedules Confused

A heavy fog, blanketing the Southern California Coast, caused two fishing boats and a tanker to run aground yesterday and generally confused shipping schedules. The fog was accompanied by heavy seas. The fishing smack, M. Della Providence, a fifty-foot Italian boat, owned by Sam Lucido, went aground on the breakwater 500 feet inside the line and the heavy combers cast the boat high up on the shore, tearing a great hole in the side. She, too, it is believed, will prove a total loss unless she can be dragged free.

The fishing smack was pulled off late yesterday afternoon by a derrick barge and taken to shipyard for repairs.

The Washington, another fifty-foot fishing boat owned by the Seacoast Canning Company was driven aground on the beach near Newport Harbor by the heavy seas and fog and declared to be a total loss. She was valued at approximately \$2000.

The fishing tender Aquila, owned by the Van Camp Sea, was also driven aground.

WARNS AGAINST  
THE RUSH ACT

(Continued from First Page)

Whitnall, "the rapid-transit problem is the most important one now facing Los Angeles. It deserves the most serious, careful consideration in all phases before the city commits itself to a rapid-transit plan."

The speakers at tonight's meeting of the City Planning Commission include Secretary C. A. Dykstra of the City Club, S. A. Jubb, George A. Damon and Herbert J. Goudge. The latter is an officer of the Business Men's Association, which has been organized by the railroads to secure support for their plan of elevated structures and foot bridges as a substitute for the Plaza railroad union-passenger depot ordered by the Railroad Commission and approved by the Interstate Commerce Commission. The railroads and the Pacific Electric Railway have applied to the City Council for forty-year franchises to build the elevated structures and foot bridges included in the plan, but these franchises cannot be granted until a rapid-transit plan is adopted. Proponents of the Plaza union-passenger depot plan declare that the railroads are making extraordinary efforts to have the City Council adopt any kind of rapid-transit plan so that these franchises can be granted.

DECLARES CITY  
COMMITTED TO PLAN

"The city government of Los Angeles stands committed to the Plaza union railroad passenger depot plan until the Council takes action otherwise," announced Chairman Moore of the City Council's Public Utilities Committee yesterday afternoon. "The present Council by resolution unanimously on September 8, last, endorsed the Plaza union depot and until that action is rescinded the city government officially is for the Plaza depot and for the city's continuing battle with the depot before the Railroad Commission."

The statement of Chairman Moore was occasioned by a request of City Planning Director Whitnall for authority to accept invitations to make addresses before civic associations on the Plaza depot case. Chairman Moore and Councilmen Sanborn and Sparks, constituting the committee, said that as far as the city was concerned, Director Whitnall was free to accept the invitations and speak on behalf of the Plaza site. In view of the commitment to the union passenger depot and especially in view of the City Planning Commission's stand for the Plaza station.

The committee had under consideration a number of resolutions from organizations favoring the Plaza union depot and others, including the directors of the Chamber of Commerce and the Board of Public Utilities, opposing. Writing to the Council in favor of the Plaza union depot, Attorney E. M. Swartz declared that the people of Los Angeles had endorsed this site in 1923 when they voted to locate the Civic Center north of First street so that the railroad passenger station would be an integral part of the group of city, county, state and federal public buildings. Attorney Swartz declared that the railroads were opposing the Plaza union depot to selfishly prevent other railroads from building into Los Angeles and the union depot.

The committee finally agreed to recommend that all resolutions or communications concerning the union depot or the carriers' attitude plan be considered by the Council, sitting as a committee of the whole.

The Los Angeles Central Labor Council, it was announced yesterday, had adopted resolutions favoring the carriers' plan.

Happiness Insurance

EVERYONE is striving for Happiness—

and still, Happiness is, in reality, nothing more nor less than Peace of Mind.

But Peace of Mind cannot be attained if one is harassed with financial worries.

If you have a Savings Account you know that any sudden emergency requiring ready funds can be met without worry.

Hence, a Savings Account is really Happiness Insurance.

Approximately two weeks after the celebration actual work on the university grounds is expected to begin. By September, Mr. Martin estimated, approximately \$500,000 would be spent in landscaping and otherwise preparing for large and modern buildings that will dot the campus.

## Autopsy Shows Tub Victim Had Heart Disease

An autopsy yesterday disclosed that Ernest W. Krebs, 74 years of age, 1403 South Union avenue, found dead at Bimini Baths, died from heart disease. Krebs was an accountant of the Citizens' Ice and Cold Storage Company.

His widow, Mrs. Emma Krebs, told Detective Lieutenant Stoll that when Krebs left home Sunday to go to the baths he appeared to be in perfect health. Krebs was found in a bathtub by L. E. Moore of the Monterey Hotel. His body was sent to the J. H. Riedemann undertaking rooms. The autopsy was performed by Coroner's Physician Webb.

DEDICATE SCHOOL IN MARCH The Parent-Teacher Association of Ivanhoe school announced that March 15 has been set as the date for a formal dedication of Ivanhoe's new school building. There will be a program of twelve numbers, principal features of which will be a play, "The Gossamer Lilies," and a tableau by the Sunday Club, composed of girls of the school.

RELIEF CORPS RECEPTION A reception for the new officers of Barlett Logan Post and Relief Corps will be given today at 8 p. m. at Patriotic Hall, at 1214 South Figueroa street. The public is invited.

The machinery of justice of the new municipal courts was buried under floral offerings yesterday when the twenty-four departments began functioning in permanent quarters. The new justices were greeted by many floral tributes and messages of congratulations, delivered both by letter and in person. Among those especially favored was Presiding Justice Willis.

Lon Chaney, motion-picture actor, was among those who tendered greetings to Justice Richardson. Justice Bullock, who will handle women's cases in her chambers in the new Hall of Justice, was especially singled out for gifts of flowers, and held a large audience of friends.

Most of the courts are located in the new Hall of Justice, the annex and the Courthouse.

The first woman to appear in Justice Bullock's court yesterday after the opening reception was Miss Betty Evans, charged with "beating" a rental bill of \$53 at the Iris Hotel in Hollywood.

Miss Evans said she had been trying to get work and received only small amounts of money from home from time to time. She said she thought she is about to obtain a position, and will try to pay her bill as soon as possible, moreover expecting to have a friend repay a loan in a short time.

Justice Bullock inflicted a thirty-day jail sentence, which she suspended, tendering the first woman defendant some good advice in addition.

One of the first acts of Justice Turney was to bar Ruth Meadows, who was convicted on a bond fraud charge in Federal Court last July, from his courtroom. Meadows, it was said, had been practicing in the old justice courts, although he had never been admitted to the bar here, as those courts did not restrict practice to attorneys of record.

Practice in the Municipal Courts is limited to attorneys of record, although clerks may appear for such matters as continuances.

The barring of Meadows from Justice Turney's court followed the failure of Mrs. Edith Johnson, charged with possession of liquor, to appear yesterday morning. It was reported to Judge Turney that Meadows had informed her that her case had been put over until the 15th inst., and would be "taken care of" then.

Judge Turney summoned Mrs. Johnson into court yesterday afternoon, and she informed him she had been told by Meadows that her case had been postponed.

## TOWNS FILE PROTEST ON RESERVOIR

San Gabriel Valley Cities Lay First Claim to Water Wanted by Pasadena

A protest in the names of twenty-five San Gabriel Valley cities and towns, against the granting to Pasadena of a site for a reservoir in San Gabriel Canyon, was filed yesterday in the United States Land Office. At the same time, F. J. Safety, chairman of the government conciliation committee which is trying to iron out the dispute between the County Flood Control District and the city of Pasadena, announced that hearings will be resumed the latter part of the week.

The protest avers that Pasadena has no right to water from the San Gabriel River, as it is not in the San Gabriel drainage area, but in that of the Arroyo Seco, and that cities and towns in the San Gabriel Valley have a prior right to the water.

The controversy with the flood control district is over whether the county shall build a railroad to the San Gabriel forks, and thus interfere with the building of a reservoir by Pasadena lower in the canyon. Pasadena is trying to obtain 65,000 acre feet of water annually from the San Gabriel for its domestic supply.

## WOMAN SENTENCED ON FORGERY CHARGE

Rose Adamson, who recently pleaded guilty to a forgery charge, was sentenced to serve from one to fourteen years in the Quentin yesterday by Judge Hahn. Counsel for Edna M. Short, convicted last week on one count of a forgery charge, yesterday asked for a new trial. The motion will be heard Thursday. The two women were accused of fraudulent use of contracts in connection with the sale of sewing machines in Pomona.

An autopsy yesterday disclosed that Ernest W. Krebs, 74 years of age, 1403 South Union avenue, found dead at Bimini Baths, died from heart disease. Krebs was an accountant of the Citizens' Ice and Cold Storage Company.

His widow, Mrs. Emma Krebs, told Detective Lieutenant Stoll that when Krebs left home Sunday to go to the baths he appeared to be in perfect health. Krebs was found in a bathtub by L. E. Moore of the Monterey Hotel. His body was sent to the J. H. Riedemann undertaking rooms. The autopsy was performed by Coroner's Physician Webb.

## DEDICATE SCHOOL IN MARCH

The Parent-Teacher Association of Ivanhoe school announced that March 15 has been set as the date for a formal dedication of Ivanhoe's new school building. There will be a program of twelve numbers, principal features of which will be a play, "The Gossamer Lilies," and a tableau by the Sunday Club, composed of girls of the school.

## Announcement—

**Why Standard Nut Margarine is one to two cents higher than ordinary brands**

Standard Nut costs a little more to make because the finest and purest ingredients obtainable are used and because it is made by a secret process which gives it exclusive and highly desirable qualities. The best things are worth more. Standard Nut retails for 53c a pound, one or two cents higher than ordinary brands.

### What a Penny or Two More Gives You

Please investigate what Standard Nut gives you for a cent or two additional. It represents a value far greater than the sum involved. Thousands of families prefer Standard Nut to any spread at any price because of the following exclusive qualities:

1. Ingredients do not separate.

2. Uniform texture at all temperatures.

3. Smooth-spreading, warm or cold.

4. Sweeter, finer flavor.

5. "Creams" perfectly and replaces most costly ingredient in finest cakes.

### Special Process Makes Standard Nut Better

There's a reason for the superiority of Standard Nut Margarine. There is a secret step in manufacturing that is Standard's exclusive property. That is what makes it different. Making an emulsion or mixture as perfect as if Nature herself had blended the pure nut oils with milk solids. So the ingredients do not separate, a most important quality found only in Standard Nut Margarine.

### Progressive Grocers Sell Standard Nut

All over Southern California most grocers are offering this better Margarine. As a progressive person, interested in the latest advances in food science, you should try it. Ask your grocer for Standard Nut Margarine today.

**OLD-FASHIONED CORN POKE**  
(Like They Made Fifty Years Ago)  
W. I. P. Whittier—One quart of corn meal mixed with two level tablespoons of butter, one and a half tablespoons lard and one and a half pints of milk. Bake on a board in front of the fire.

**MOCK CHERRY PIE**  
S. D. Imperial—Cut in halves two cups of washed sound cranberries, and after cutting place the cranberries in a colander and drain through them to remove the seeds. Mix one cup of seedless raisins with three tablespoons of sugar. Add the well-drained cranberries and place the mixture in a pastry-lined pie pan, cover with pastry, place in a medium-hot oven and bake forty minutes.

**BUTTER CREAM FILLINGS**  
F. P. J. Long Beach—Beat a cream of four cups of fresh unsalted butter with two cups of sugar. Work the butter until it is light and gradually add the sugar. For mocha filling add slowly two tablespoons of cold black coffee. For cocoa filling add four tablespoons of ground cocoa.

**CURRIED MUTTON**  
S. D. Imperial—Heat two tablespoons of butter in a sauce pan, and one pound of mutton freed of bone and cut in one-inch pieces and cook a nice brown. Place in a saucepan two tablespoons of butter and one tablespoon of curry powder and one half cup of water. Stir and cook until the onion is slightly browned, stir in one cup of hot meat stock and stir and cook five minutes; add the cooked mutton and simmer slowly until the meat is tender, do not boil. Serve in a border of cooked rice.

**MOIST ICING**  
F. P. J. Long Beach—Place the white of one egg in a bowl, add one tablespoonful of water and stir in slowly one cupful of confectioners' sugar; stir in two tablespoons of melted butter and enough sugar to make stiff enough to spread. Use any desired flavor; for orange icing use orange juice in place of the water and add one teaspoonful of grated orange rind.

**BAKE ORANGE CUSTARD**  
A. H. D. Los Angeles—Peel and remove the sections from five medium-sized oranges, mix with three-quarters of a cupful of sugar and let stand in a cool place one hour. Mix one tablespoonful of cornstarch with one tablespoonful of milk and when smooth mix into the slightly beaten yolks of two eggs, add one and a half cups of scalded milk, stir well, pour into a double boiler and, stirring constantly, cook twenty minutes, or until thick and smooth, do not boil. Remove from the fire and cool. Lightly mix the custard with the orange sections, place in a earthen pudding dish and cover with a meringue made with the whites of two eggs and five tablespoons of confectioners' sugar.

**POTATO DOUGHNUTS**  
F. W. Pasadena—Beat three tablespoons of butter to a cream with three-quarters of a cupful of sugar and beat smooth; beat into them the well-beaten yolks of two eggs and one whole egg; beat smooth, add four tablespoons of milk and one cupful of fresh mashed or rice-bolled potatoes. Sift one and one-half cups of sifted flour with three tablespoons of baking powder, half a teaspoonful of salt, half a teaspoonful of nutmeg, and work into the first mixture with enough more sifted flour to make a light dough that can be handled. Roll out and cut all of the doughnuts before frying in deep, hot vegetable shortening.

**SOUTHERN SPOON CORNBREAD**  
C. L. E. Los Angeles—Sift one cupful of white cornmeal with two tablespoons of flour and stir into them two and a quarter cups of boiling water; beat well, add one cupful of milk and stir

until cool; beat in one teaspoonful of salt, three tablespoons of sugar, four well-beaten eggs, and two tablespoons of melted butter; beat three minutes, pour into a buttered baking dish and bake in a moderately slow oven. Serve in the dish. The southern cooks use stone-ground white cornmeal, which you cannot get here.

**Dispatchers Job Under Attack by Councilman**  
The report of the Efficiency and Personnel Committee, recommending that a new position, that of "dispatcher," be created in the Engineering Department, yesterday was referred to the Finance Committee. Council members were told that the dispatcher would have charge of distributing inspectors to various public works.

Councilman Randall said he opposed this as a removal of responsibility from Chief Inspector Rook.

"Many contractors," said Mr. Randall, "displeased with the Inspector on the job, ask to have him transferred. I am against any division of authority in that department."

**PEDESTRIAN TUNNEL COST ALMOST HALVED**  
A low bid of \$5535 was received for the construction of the first of the projected twenty-six pedestrian tunnels yesterday by the Board of Public Works. As the cost of constructing each tunnel was estimated at about \$10,000, the board members said yesterday they hoped to build virtually double the number of tunnels contemplated under the \$550,000 bond issue voted last May. The low bidder was Hodge and McTackin.

**EAGLES TO WELCOME PRESIDENT**  
High Executive of Order Will Arrive on Thursday; Relates History of Lodge

Arrangements are being made to welcome Charles C. Gunther, Grand Worthy President of the Fraternal Order of Eagles, on Thursday. He will be honored at a banquet at the clubhouse, 517 West Venice Boulevard, on the occasion of the sixth anniversary of the dedication of the building.

Afterward an initiatory service will be held when 200 candidates will be admitted. Mr. Gunther will be accompanied by Judge Selvidge, state president.

There are 3500 Eagles in Los Angeles and 50,000 in California.

**WILL DISCUSS DEPOT PLAN**  
The Greater Westlake Business Association will conduct a discussion on the Union Railroad Terminal at its next regular meeting, tomorrow, at 12:30 p. m., Westlake Park Pavilion. At the conclusion a vote of the members will be taken as to which plan is most practicable.

## Let Tanlac restore your health

If your body is all fagged-out and run down. If you are losing weight steadily, lack appetite, have no strength or energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to that effect that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, herbs and barks. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another precious day. Step into the nearest drug store and get a bottle of this world-famous tonic. That's the first important step back to health and vigor. Every day's delay means unnecessary suffering. For Tanlac starts to clean out and tone up the system right away. And by acting promptly you will

Nurse Tells Surprising Results of Tanlac

"Nervous prostration upset me so I do not get out alone. Tried Tanlac and results surprised me. Was able to stand three months' strain of a difficult case when doctor said but one woman in fifty could hold out."

## DON'T POSTPONE SENDING IN IDEA

De Mille Urges Contestants to Act Quickly

Only Eighteen Days Remain Till Closing Date

Worry Over Drafting Plot May Lose Prize

Only eighteen days more and the Los Angeles Times-De Mille Photo-play Letter Contest draws to a close.

The shortness of time makes it necessary for everyone with a good idea worth the first prize of \$1000 to jot it down right away and send it in to the contest editor. Procrastination may lose some person that first prize or one of the secondary awards amounting to \$1000 which go to the writers of the letters which best present suitable ideas for a great motion picture.

Some persons are inclined to postpone their entries until the last few days of the contest in the hopes, perhaps, that they will have developed their ideas more fully by that time.

The object of this contest is to get an original idea which will so appeal to Cecil B. De Mille that he will want to use it as the basis for a future picture. The chances are that if the first idea is worked over too long in the mind of its owner, it will have lost the freshness, the brilliance and the virility quality needed to win the capital prize of \$1000.

When that good idea flashes across the mind, write it down and send it along to the Los Angeles Times-De Mille Contest editor, then, if you must worry over it, continue broadening its possibilities and send that in when it is believed perfect. There is no limitation to the number of good ideas that can be submitted by any one contestant.

Some have already sent in as many as five ideas apiece—most of them were good. If those persons had hesitated until their mad centers on only one, the chances are that they would never have entered the contest.

"There is a tendency on the part of contestants to limit their entries to but one idea," Mr. De Mille said. "This, of course, limits their chances of success. I want to urge that prospective contestants concentrate on one theme which they think would make a really epic picture and to submit that. Then, follow with those secondary ideas that may crop up from time to time."

"It is barely possible that the first idea is not adaptable for picture-making and there may be scores of other reasons why it would not win a prize. The chances of these entrants for success in the contest are blasted then, and their only hope lies in the other ideas they may have submitted."

"It is because of that angle that I want to urge haste in writing that first letter. The letters that follow can be written when the inspiration comes."

"According to the rules, the contest closes at midnight, February 27. That rule will be strictly adhered to in deference to the thousands of persons that have scrupulously followed the rules of the contest throughout."

"Another thing I want to emphasize is the rule which clearly stipulates that letters of more than 200 words will not be considered. While the public has generally complied with this stipulation, there still are a great number of persons writing scenarios and synopses of great length. I regret I have to throw all such letters into the ineligible basket."

## FAST TRAINS HELD VITAL TO INDUSTRY

Manufacturer Tells Need of Swift Service After Return from East

Southern California's rapid development in an industrial way soon must force the institution of faster train service to the East, or industrial progress here will suffer for a serious check from lack of that service, according to William Henry, vice-president and general manager of the Pioneer Paper Company, who returned yesterday from a business trip to New York.

"The handicaps under which manufacturers of this locality are placed strikingly was stressed for me a few days ago in Buffalo at the annual convention of the Prepared Roofing Association of the United States," Henry declared.

"Every member there with- in twenty-four hours' time of his headquarters, with the exception of the Pacific Coast delegates, whose respective factories were eighty hours away."

"In this era, minutes, not miles, are the true measure of distance. If industries in Southern California and the Pacific Coast at large are to attain their proper importance in the scheme of national business, transcontinental train schedules must be slashed to bring us closer to other units of manufacturing throughout the East."

## Scouts to Take Oaths Anew at Meeting Today

Publicly recommitting themselves to observance of their scout oath and law, the 6000 Boy Scouts of Los Angeles and their 785 adult leaders will assemble this evening at Polytechnic High School. The gathering is the most important event in the celebration of the sixteenth anniversary of the founding of the Boy Scout movement in America.

Readmission of the oath will be led by Eagle Scout Warren Pressnell, Troop 121. A formal speech of presentation of veteran badges to officers and trustees of Los Angeles District Council will be made by Eagle Scout Harper Olmstead, Troop 88. Thirteen other Eagle Scouts will then pin gold badges on the officers and trustees.

## RULES FOR "IDEA" CONTEST

Prizes aggregating \$2100 are offered by Cecil B. De Mille, picture producer, for the letters which best present ideas considered as available for big photoplays. The first prize is \$1000.

Mr. De Mille, it will be remembered, sponsored the De Mille-Times Idea Contest of 1922, from which came the idea of "The Ten Commandments."

Read the rules—and write a letter worth \$1000. Here are the rulings governing the Los Angeles Times-De Mille Photoplay Letter Contest:

(1) Cecil B. De Mille Picture Corporation will award a prize of \$1000 to the person sending in not over TWO HUNDRED (200) words the letter which best presents a theme considered as most suitable for a big motion picture.

(2) The corporation will award a second prize of \$500; third prize of \$300; fourth prize of \$100 and ten prizes of \$50 each.

(3) Finished stories, plays or synopses of stories or plays will not be accepted. No entry of over two hundred words will be read.

(4) Contest opens Sunday, January 31, 1933. Closes midnight Saturday, February 27, 1933. No letters opened postmarked after that date.

(5) In the event of a tie for any prize the full amount of each prize so tied for will be awarded to each tying contestant.

(6) Address all letters to the DE MILLE CONTEST EDITOR, Los Angeles Times, Los Angeles, Cal., who will act as agent for the writers in receiving the letters and submitting them to the Cecil B. De Mille Picture Corporation. Outlines otherwise addressed will be returned unopened and unread.

(7) Cecil B. De Mille, acting for the Cecil B. De Mille Picture Corporation, will be the sole judge of the merits of the letters.

(8) A committee of five, three appointed by The Times, two by the De Mille Corporation, will act in an advisory capacity to the management of the contest.

(9) No suggestions made in the De Mille Idea Contest, October 7 to October 31, 1932, sponsored by the Famous Players-Lasky Corporation, will be considered in the contest unless re-submitted as in Rule One. The prize-winning ideas of the contest of October 7 to October 31, 1932, will be ineligible.

(10) There is no limit to the number of letters any individual may submit.

(11) All are eligible except employees of the Cecil B. De Mille Picture Corporation, the Los Angeles Times and the Producers' Distributing Corporation, or any members of their immediate families.

(12) Because of the great volume of manuscripts none will be returned.

(13) The Cecil B. De Mille Picture Corporation shall be vested with all rights to each manuscript which is awarded a prize, and shall have the right at any time to use any manuscript and the contents thereof to which a prize is not awarded, and in the event of so doing shall pay to the author for any manuscript actually used the value thereof, but not in excess of Fifty (\$50) dollars.

(14) Anyone sending in a letter as previously provided agrees to the foregoing rules by so doing.

## NEW RULING SAVES TIME OF LAWYERS

Personal Appearance for Obtaining Citations Held Not Necessary

A change in Superior Court procedure that will save literally days of time for attorneys, was made yesterday under order of Presiding Judge Stephens.

The order was that hereafter attorneys will not be required to appear personally before the presiding judge to obtain citations and routine orders based upon affidavits.

Baroness Clifton, a peeress in her own right, has been called to the London bar and now will join the women barristers in London.

## Judge to Study Alien's Plea for Habeas Corpus

Frank Turner, Canadian held in the Los Angeles County Jail pending a deportation order from Washington, yesterday had his appeal for freedom on habeas corpus proceedings carried before United States District Judge James for consideration. Judge James accepted the plea and will investigate Turner's case.

Turner entered the United States from Vancouver by way of Blaine, Wash., last July with his wife and three children and became engaged in a wage dispute in Superior Court.

He was taken ill and was operated on at the Los Angeles County General Hospital while his family became wards of the county.

HE WAS an old "back east" friend of the Los Angeles merchant. He was going into business in the city. The merchant gave him several pointers about local conditions—and advised a banking connection with this institution.

Just another proof that our own customers are our best business-getters.

Food for  
every fibre of  
the growing  
man—in a  
single dish

Winter and summer, that growing boy of yours uses energy with reckless abandon. When he runs into the house, hurls his cap in every direction at once, and finally flings himself into his dinner chair—ah! you'd like a bit of his snap and fire for yourself, now wouldn't you?

Keep that schoolboy's vigor thriving. Direct his taste to health-giving, blood-making food. When he's a man he'll be glad you trained his appetite and digestion to work together for his good.

SHREDDED WHEAT is food for every fibre of that growing, going boy. Perfectly balanced by Nature, this whole wheat treat gives the body every food element it needs—in highly digestible form.

And it's good to eat!—hot or cold, or topped with preserves or jellies. Put an appetizing dish of SHREDDED WHEAT before your boy—and watch it go. And watch him grow.

# Serious Disturbances Mark Two Murder Trials in the East

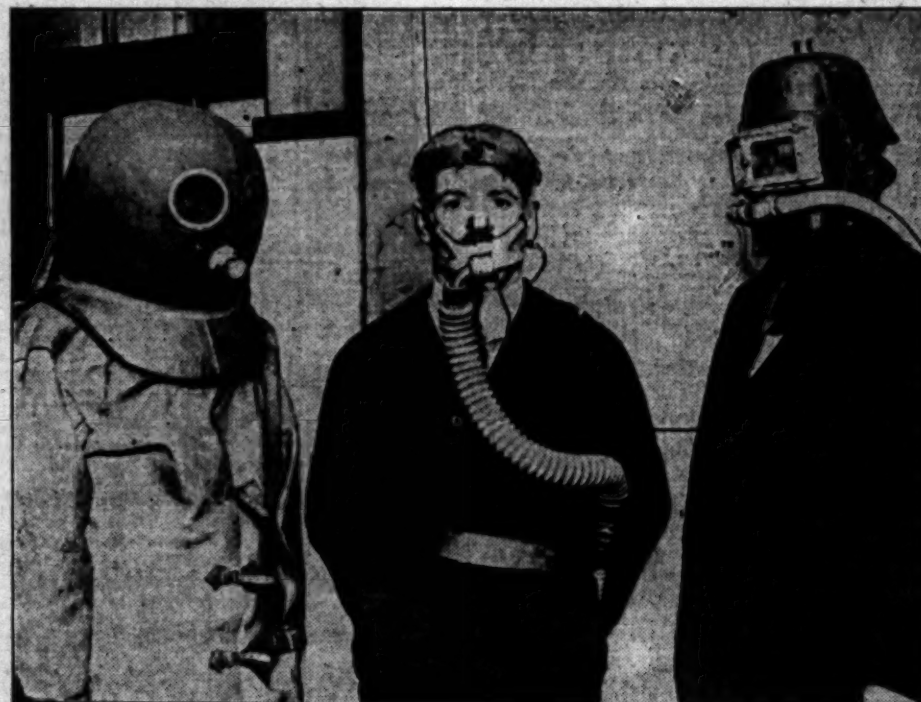

Threats of Violence Directed Toward Prisoners During Trial last week resulted in the calling out of the militia at Lexington, Ky., and the mobilization of State police force at Mineola, L. I. Photo at left shows militiamen with tanks which escorted a confessed negro slayer to and from court at Lexington to save him from lynching by an infuriated mob. Fifteen minutes after his trial started he was sentenced to hang. At right a cordon of State police is shown about the jail at Mineola, L. I., during the incarceration there of Ambrose Ross, brought from a death cell at Sing Sing to testify in a murder trial. Gangsters threatened to silence Ross before he went to the witness stand. (P. & A. photos.)

A Stirring Plea Against Capital Punishment before the House committee conducted on the McLeod bill for the abolition of the penalty by Dr. Oscar Haywood (above), New York, a few days ago. (P. & A. photo.)

Although Loss of Life and Property Damage accompanied it, the foot-thick blanket of snow which fell in New York City last week softened the harsh lines and converted the metropolis into a place of beauty. The above photo, taken from an arch of the Municipal Building, shows the City Hall and park with the Woolworth Building looming behind. (P. & A. photo.)

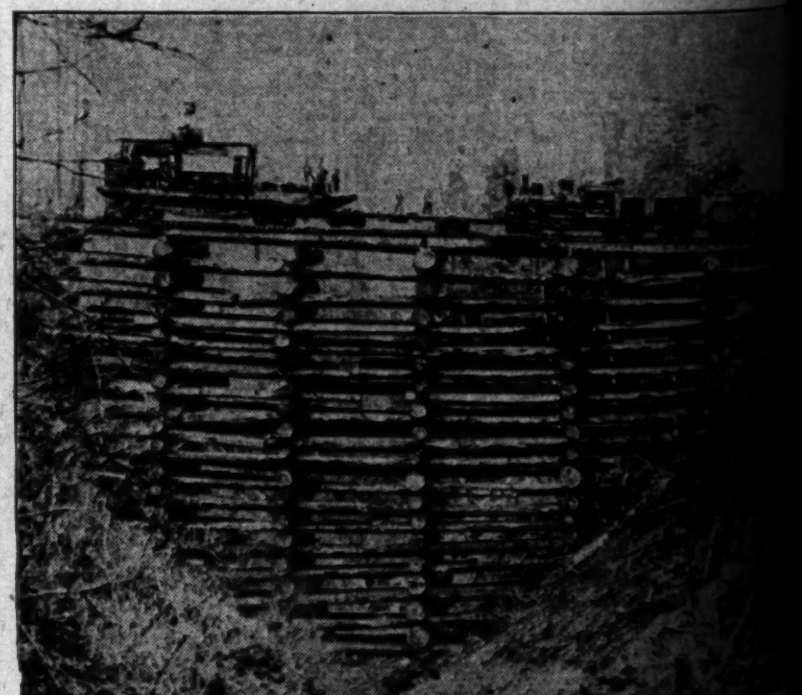

Not Creatures From a Strange Land, but members of one of England's crack mine-rescue organizations, dolled up in their working clothes. Fully equipped mine-rescue stations are now dotted all over England where danger of mine disaster is probable. Photo shows three types of helmets used. (P. & A. photo.)

G. O. P. Political Bosses of Missouri called upon the President recently to discuss the party's affairs in the State. They are pictured above, left to right, W. F. Phares, Republican State Chairman; Dr. E. B. Clemins and Senator George H. Williams of Missouri. (P. & A. photo.)

Annual Egg Harvest in Boobyland, a small island off the British West Indies. Photo shows natives loading booby eggs, which the booby bird which inhabits the island by the millions. Egg-gathering is an organized industry in Jamaica. (Kadel & Herbert photo.)

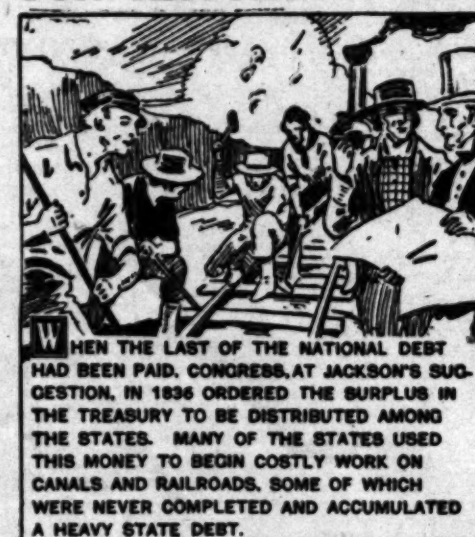

Nearly a Million Feet of Hemlock and fir were used in the construction of the above railway bridge by an Oregon lumber company. When the bridge is located has been sawed off, the company will tear the structure down and convert it into lumber. (P. & A. photo.)

New Swedish Minister to the United States, Wollmar Bostrom, is pictured above with his wife shortly after he arrived in this country last week. He succeeds Axel M. F. Wallenberg. (P. & A. photo.)

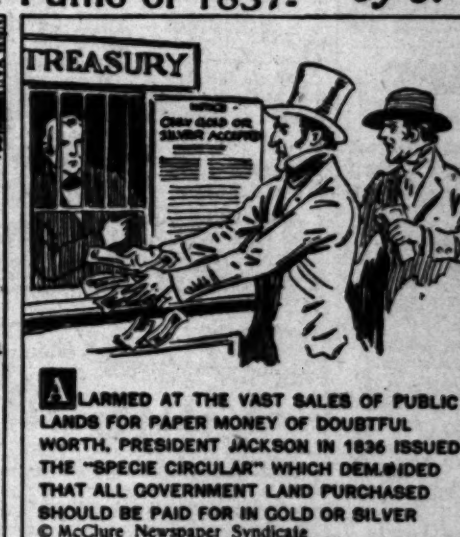

## OUR HISTORY IN PICTURES 328 Financial Panic of 1837. by J. CARROLL MANN

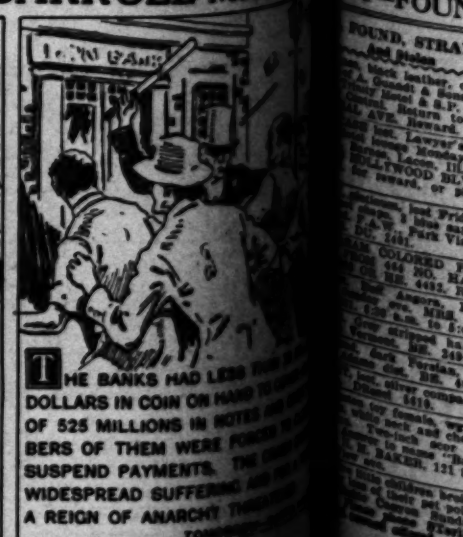

WHEN THE LAST OF THE NATIONAL DEBT HAD BEEN PAID, CONGRESS, AT JACKSON'S SUGGESTION, IN 1836 ORDERED THE SURPLUS IN THE TREASURY TO BE DISTRIBUTED AMONG THE STATES. MANY OF THE STATES USED THIS MONEY TO BEGIN COSTLY WORK ON CANALS AND RAILROADS, SOME OF WHICH WERE NEVER COMPLETED AND ACCUMULATED A HEAVY STATE DEBT.

THE RAPID DEVELOPMENT OF THE WEST AND THE SALE OF PUBLIC LANDS HAD CAUSED MUCH WILD SPECULATING. "WILD-CAT" BANKS WITH LITTLE CAPITAL ISSUED SALES OF WORTHLESS PAPER MONEY AND THE PUBLIC, SEEING SO MUCH MONEY IN CIRCULATION GOT THE FALSE IDEA THAT THE COUNTRY WAS ON THE CREST OF A WAVE OF PROSPERITY.

ALARMED AT THE VAST SALES OF PUBLIC LANDS FOR PAPER MONEY OF DOUBTFUL WORTH, PRESIDENT JACKSON IN 1836 ISSUED THE "SPECIE CIRCULAR" WHICH DEMANDED THAT ALL GOVERNMENT LAND PURCHASED SHOULD BE PAID FOR IN GOLD OR SILVER.

THE BANKS HAD LESS THAN \$100,000,000 OF 525 MILLIONS IN NOTES AND COIN. WHEN THE CREDIT COLLAPSED, THE BANKS SUSPENDED PAYMENTS. THE COUNTRY WIDESPREAD SUFFERING AND A REIGN OF ANARCHY.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

SIMPLE HOME MIXTURE  
DARKENS GRAY HAIRCincinnati Barber Tells How Any  
One Can Prepare It in Minutes

Any man or woman can easily look twenty years younger by simply darkening their gray, faded or streaky hair. This is now easy to accomplish with a recipe given by a well known Cincinnati barber.

Simply take a half-pint of water, add one ounce of bay rum, 1/4 ounce of glycerine and a small box of Barbo Compound. Shake and it is ready to use. These ingredients can be bought at drug stores at trifling cost.

Applied to the hair twice weekly by this delightful mixture quickly gives the desired shade. It is easy to use, is not sticky, or greasy, will not color the scalp and does not rub off.—(Advertisement.)

Why He Succeeded

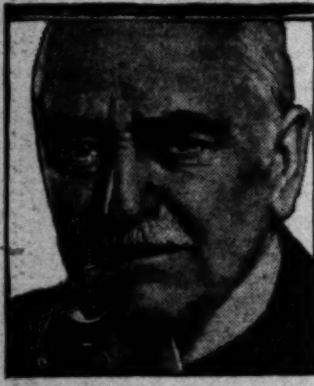

From hard work on a farm to the study of medicine in Cincinnati, where he was graduated, was the course which Dr. R. V. Pierce took.

In his younger days he practiced medicine over a large district. It was then the new oil fields near Titusville, Pa. Finally he determined to put up some of his prescriptions in ready-to-use form in order to reach a larger number of families.

He thus moved to Buffalo, N. Y., and established the World's Dispensary, where he put up Dr. Pierce's Golden Medical Discovery for the blood as well as the Favorite Prescription for women, carefully preparing them from roots, barks, and herbs and placed them with druggists everywhere.

During many years Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists all over the United States than any other medicine. It is a tonic in its effects on the stomach and digestive apparatus, an alterative in its action on the blood, liver and skin. It increases the appetite, stimulates the digestion, enriches the blood, and makes both men and women feel as they did when they were young and care free.

Ask your nearest druggist for Doctor Pierce's Discovery, in tablet or liquid form, or send for trial pkg. of tablets to Dr. Pierce's Clinic, in Buffalo, N. Y.—(Advertisement.)

THREATS MADE

TestimonySartori Warned of Prosecution  
for ContemptApplications for Branches  
Cause Rows

Heated legal arguments and threats of starting contempt-of-court proceedings against leading Southern California bankers featured a hearing here yesterday before State Supreme Court Clerk Taylor, acting as a special commissioner in the Bank of Italy's litigation with State Bank Superintendent Johnson.

The hearing was conducted by order of the Supreme Court that he should hear the testimony and then report to the court. The Bank of Italy seeks a writ of mandamus compelling Johnson to issue permits for two additional branches of the northern institution in Los Angeles, which he has refused to do on the grounds that public convenience and necessity do not require it. He has also issued an order that the Bank of Italy, whose headquarters are in San Francisco, or any other bank shall not establish branches in other than their home cities unless by consolidation with a bank already in existence.

Following the refusal of J. F. Sartori, president of the Security Trust and Savings Bank, and Marco H. Hellman, chairman of the board of directors of the Hellman Commercial Trust and Savings Bank to testify regarding what was termed as confidential information and trade secrets, the hearing was abruptly adjourned until this morning. This action was afforded Mr. Sartori an opportunity to get legal advice and Mr. Hellman to obtain statistics regarding deposits in 1924.

PUBLIC IS  
WARNED TO  
VACCINATEParrish, in Noting Forty  
New Cases of Smallpox,  
Urges Precaution

Forty new cases of smallpox have been reported in Los Angeles during the last two days, according to an official statement issued yesterday by City Health Officer Parrish. Official health department records show that twenty-three cases were reported Sunday and seventeen yesterday, making a total for the month to date 120 cases.

There has been an official total of 225 cases reported this year to date. Last week 113 cases were reported. Previous weekly totals were thirty-eight and sixty-eight cases.

In urging general vaccination to stop the progress of the disease, Health Officer Parrish quoted official government statistics showing the prevalence of smallpox in States not requiring vaccination as compared with those which require it of children before admittance to school.

During the ten years between 1913 and 1923, he said, the following totals were reached in non-vaccination States:

Ohio, 51,912 cases.  
Indiana, 40,882 cases.  
Kansas, 29,531 cases.  
Iowa, 29,549 cases.  
California, 19,702 cases.

During the same ten-year period the following States having compulsory vaccination made this record:

Massachusetts, 457 cases.  
New Hampshire, 241 cases.  
New Jersey, 234 cases.  
Rhode Island, 20 cases.  
Porto Rico, 117 cases.

In nine States without compulsory vaccination, a total loss from smallpox of \$11,328,106 was estimated during that period.

Dr. Parrish declared his belief that general vaccination will stop the outbreak almost as suddenly as it started.

DRIVE SPRUNG  
ON DRUGGISTS

The dry campaign against druggists and doctors of Southern California, scheduled for next month, materialized several weeks ahead of time when Col. Frith, district dry administrator for the United States, yesterday ordered revocation of liquor dispensing permits to four drug stores in the city and the arrest of Arthur W. Walgren, druggist at Rialto, on a charge of illegally possessing a gallon of wine.

The drug stores published yesterday are the Thorne Drug Company, 301 South Hill street; Horton-Converse Company, with two permits, one at 511 South Bonnie rue street and the other at 2005 Wilshire Boulevard; Jewel Drug Company, 11 East Seventh street, and the Rosalyn Drug Company, 503 South Main street.

## GREETED IN TOM MIX STYLE

A "Wild West" reception was extended to more than 400 members of the Tile and Contractors' Association of America when they arrived at the Santa Fe station on a special train yesterday afternoon to attend the twenty-third annual national convention of their organization.

Members of the Southwest Tile Contractors' Association, led by J. W. Broxholme, president, met the visiting contractors at the station with a stage coach and four-horse team.

The national officers of the association were "hog-tied" and "railroaded" to the Alexandria, where headquarters were established for the convention.

## DEFENDS PETTICOAT MARKS

Expert Shows Jury Enlarged Photographs of Will to Convince Them Hazeltine Affixed "X"

The veteran courtroom team of Tot and Tittle sprang to the forefront again yesterday in Judge Willis's Probate Court, where the legal battle over the "petticoat will" of George W. Hazeltine entered its second week.

Last week handwriting experts and other scientific gentry showed the jury, by reference to the arrangement of divers infinitesimal particles of graphite, how impossible it was that Hazeltine made those two cross marks at the bottom of the will, which his proponents declared attest the old man's knowledge of its contents.

For a while yesterday it looked as though the jury might be shown by the Peikey just how he wrote the "petticoat will." She said she was willing to demonstrate, but her conditions barred the demonstration. She said she would require a hospital, a patient living in it and other articles like those used at the time she indicted the lines. Counsel for the contestants decided the jury should see the handwriting of the man who wrote the "petticoat will." She said she was willing to demonstrate, but her conditions barred the demonstration.

The jury listened attentively, for upon the tiny dots and tittles of the strange document offered for probate—the hem of a woman's petticoat—depends the disposition of \$250,000 worth of real estate.

The bus, which transports golf players, is said to have been crowded to the side of the road, which, weakened by the recent rains, gave way.

The bus rolled down a twenty-five-foot declivity, turning over three times.

E. G. Ruggles, a passenger, was taken to the Ferry, Dickey & Case Hospital suffering from concussion of the brain, severe scalp lacerations, a mangled right hand and possible internal injuries.

The driver and two other passengers were reported slightly hurt.

**ANNEXATION VOTED**  
The Council yesterday voted, under suspension of the rules, to annex Green Meadows to the city. The annexation has been held up for several months, according to Assistant City Attorney Whitehead, by a street-improvement contract which has been settled.

RUMOR JUDGES  
LOAF IS DENIEDReported Dispute With Clerk  
Termed ImaginaryOfficial Denial Offered to  
Uphold ConfidenceTime Not Sent Governor But  
Checked as Routine

The judges of the Superior Court have not been "loafing" and have no objection to the record of their fidelity to duty being read by the wide world. Presiding Judge Stephens declared yesterday, when he issued a statement explaining recent rumors of dispute between the judges and the secretary of the court.

Reports were published last week that certain judges had raised objection to an asserted practice, charged against Secretary H. B. Blakeley of reporting their attendance at court to Gov. Richardson. Such reports are kept by the secretary regularly, but only once was such a report made to the Governor, and at that time it was for his information in connection with assignment of outside judges for session work here. Judge Stephens explained. He spent several hours Sunday in conference with Blakeley, going over the whole situation.

Funeral services for William F. Lehigh, 56 years of age, 1903 Rossmore street, who died at his home Saturday night following complications attending a throat ailment, will be conducted at the Little Church of the Flowers at 11 a.m. today.

Daniel F. Lehigh, father of the deceased, is a native son of California and for many years was superintendent of the Northwest division of the Western Union Telegraph Company.

William F. Lehigh had been superintendent of the Home Telephone Company of Honolulu and for several years was manager of the Bell Telephone Company of San Joaquin Valley. The past five years he has been actively engaged in Hollywood.

The pallbearers will be James R. Brehm, E. E. Burton, Claude Davis, Dr. W. J. Hanford, A. F. Lapworth, T. C. Souden, S. J. Keyes, S. F. Hopkins and Paul Walker.

Funeral arrangements are in charge of Pierce Brothers undertakers.

CITY LOSES  
OLD CITIZEN  
IN COL. LAUBFormer Kentuckian Built  
Up Large Circle of Friends;  
Victim of Heart Disease

Los Angeles has lost an old citizen and a man with an unusually large circle of friends in the death of Col. Henry Laub, 70 years of age, who died at his home, 3029 Wilcox street, here, at this city twenty-eight years ago from Louisville, Ky., engaging in the wholesale liquor business. He was 67 years of age and until a few minutes before his death had been in excellent health. Death was due to heart disease.

Ten years ago after extensive travels in Europe and a close study of social conditions, Col. Laub declared he believed the saloon had lived its life, and that it was a foe to progress and prosperity. He retired and since has lived quietly, although investing in real estate.

Way to Hospital

Warren P. Fishburn, 45 years of age, a Los Angeles realty dealer and resident of the city for thirty years, died yesterday shortly after what appeared to be an attack of heart disease with which he was seized at Sixth and Spring streets. When he collapsed a call was sent to the Receiving Hospital, but Mr. Fishburn died soon after being placed in the ambulance.

He was a brother of J. E. Fishburn, chairman of the board of directors of the Merchants' National Bank and former president of that institution. He has leaves two sisters, Mrs. Charles Brishbe and Mrs. Isaac Balhuenes, both of Los Angeles, and two sons and one daughter.

Mr. Fishburn had offices at 319 Hollinworth Building.
